Imaging Remote Sensing Dimitris G. Manolakis, Ronald B. Lockwood, Thomas W. Cooley, 2016-10-20 A practical and self contained guide to the principles techniques models and tools of imaging spectroscopy Bringing together material from essential physics and digital signal processing it covers key topics such as sensor design and calibration atmospheric inversion and model techniques and processing and exploitation algorithms Readers will learn how to apply the main algorithms to practical problems how to choose the best algorithm for a particular application and how to process and interpret hyperspectral imaging data A wealth of additional materials accompany the book online including example projects and data for students and problem solutions and viewgraphs for instructors This is an essential text for senior undergraduate and graduate students looking to learn the fundamentals of imaging spectroscopy and an invaluable reference for scientists and engineers working in the field *Hyperspectral Imaging for Fine to Medium Scale Applications in Environmental*

Sciences Michael Vohland, András Jung, 2021-05-14 The aim of the Special Issue Hyperspectral Imaging for Fine to Medium Scale Applications in Environmental Sciences was to present a selection of innovative studies using hyperspectral imaging HSI in different thematic fields This intention reflects the technical developments in the last three decades which have brought the capacity of HSI to provide spectrally spatially and temporally detailed data favoured by e g hyperspectral snapshot technologies miniaturized hyperspectral sensors and hyperspectral microscopy imaging The present book comprises a suite of papers in various fields of environmental sciences geology mineral exploration digital soil mapping mapping and characterization of vegetation and sensing of water bodies including under ice and underwater applications In addition there are two rather methodically technically oriented contributions dealing with the optimized processing of UAV data and on the design and test of a multi channel optical receiver for ground based applications All in all this compilation documents that HSI is a multi faceted research topic and will remain so in the future **An Automated Visible Spectrum**
