beter zouden maken We verwarren bewondering met afgunst comfort met overdaad en nut met status The Art of Spending Money geeft je een fascinerend inzicht in hoe je omgang met geld je beslissingen beïnvloedt en hoe je die kunt veranderen zodat geld voor jou werkt Morgan Housel is gespecialiseerd in de psychologie van geld Zijn boeken hebben miljoenen mensen geholpen opnieuw na te denken over hoe ze verdienen sparen en investeren Nu richt hij zijn aandacht op het uitgeven van geld Met inzicht humor en warmte laat hij zien waarom het meest waardevolle rendement op investering gemoedsrust is waarom goede vooruitzichten er meer toe doen dan inkomen en waarom goed omgaan met geld minder te maken heeft met spreadsheets en meer met zelfbewustzijn Van de auteur van de bestseller The Psychology of Money The Art of Spending Money - Nederlandse editie Morgan Housel, 2025

The First Year Out Tim Clydesdale, 2008-09-15 Wild parties late nights and lots of sex drugs and alcohol Many assume these are the things that define an American teenager's first year after high school But the reality is really quite different As Tim Clydesdale reports in *The First Year Out* teenagers generally manage the increased responsibilities of everyday life immediately after graduation effectively But like many good things this comes at a cost Tracking the daily lives of fifty young people making the transition to life after high school Clydesdale reveals how teens settle into manageable patterns of substance use and sexual activity how they meet the requirements of postsecondary education and how they cope with new financial expectations Most of them we learn handle the changes well because they make a priority of everyday life But Clydesdale finds that teens also stow away their identities religious racial political or otherwise during this period in exchange for acceptance into mainstream culture This results in the absence of a long range purpose for their lives and imposes limits on their desire to understand national politics and global issues sometimes even affecting the ability to reconstruct their lives when tragedies occur *The First Year Out* is an invaluable resource for anyone caught up in the storm and stress of working with these young adults
