Terror Connection:

A War on Terror Paul Rogers, 2004-01-20 Radically assessing George W Bush's security policy the impact it has had on world security and the grave implications that it holds for future peace not only in the Middle East but throughout the world come to light Moving from the war in Afghanistan and its aftermath to the Israeli Palestinian conflict the continuing development of al Qaida and its associates through to the war on Iraq Rogers presents a uniquely cogent analysis of these rapid and traumatic events In a world in which the US and other states of the Atlantic community are increasingly speaking a different language to that of the majority of the world Paul Rogers offers a vital critical assessment of the language of dominance and control as the New American Century unfolds For the US in particular the post 9 11 world is one in which it is essential to maintain firm control of international security extending to pre-emptive military action In this book Rogers demonstrates how futile mistaken and deeply counter-productive that belief is and points the way to more effective routes to a more just and secure world

Terrorists' Use of the Internet Lee Jarvis, Orla Lehan, Stuart Macdonald, Lella Nouri, 2017-06-02 Terrorist use of the Internet has become a focus of media policy and scholarly attention in recent years Terrorists use the Internet in a variety of ways the most important being for propaganda purposes and operations related content but it is also potentially a means or target of attack This book presents revised versions of a selection of papers delivered at the NATO Advanced Research Workshop ARW on Terrorists Use of the Internet held in Dublin Ireland in June 2016 One aim of the workshop was to nurture dialogue between members of the academic policy and practitioner communities so the 60 delegates from 13 countries who attended the workshop included representatives from each of these The participants encompassed a wide range of expertise including engineering computer science law criminology political science international relations history and linguistics and the chapters contained herein reflect these diverse professional and disciplinary backgrounds The workshop also aimed to address the convergence of threats Following an introduction which provides an overview of the various ways in which terrorists use the Internet the book's remaining 25 chapters are grouped into 5 sections on cyber terrorism and critical infrastructure protection cyber-enabled terrorist financing jihadi online propaganda online counterterrorism and innovative approaches and responses The book will be of interest to all those who need to maintain an awareness of the ways in which terrorists use the Internet and require an insight into how the threats posed by this use can be countered

Terror's Aftermath Daniel McEnnis, 2014-10-05 Terror's Aftermath describes the time after The Other Side Of The War On Terror after November 1st 2009 when I had returned to the United States Still dogged by the White Tiger Chinese Mafia the United States launched a large scale cover up effort against me one in which the mafia slowly took over the personnel involved A tale of intrigue as the varied factions in and out of the government wrestle for control of my surroundings and control of the political blackmail it represented
