*Outrageous Texans* Mona D. Sizer, 2008-06-27 Outrageous Texans profiles ten larger than life eccentric extravagant and interesting personalities to ever come out of the Lone Star State Mona Sizer who is the queen of quirky Texas historical writing details the remarkable lives of notable figures such as Janis Joplin Miss Texas Guinan s burlesque show that was too hot for Paris Kinky Friedman Racehorse Haynes Stanley Marsh 3 s Cadillac Ranch and more **American Conservatism** Brian Farmer, 2008-12-18 American Conservatism History Theory and Practice from Brian R Farmer is a history of conservatism in the United States that illuminates the odyssey of American conservatism beginning with the Pilgrims and Puritans of the early colonial period and proceeding through the Revolutionary era the Antebellum period the Age of Laissez Faire Post Depression Conservatism the Reagan Era and concluding with the ideologies and policies of the George W Bush Administration arguably the most ideologically driven conservative administration in American history Conservatism in general and the multiple facets of conservatism are defined and the political socialization process that produces and perpetuates political ideologies in general and conservatism in particular are presented to lay the groundwork for the rich history of American people policies and events that have surrounded those conservative ideologies that follows Farmer provides a tool for those interested in American Politics in general and American conservatism in particular with a tool that helps explain the historical development of American ideological conservatism both in a theoretical sense and in a policy sense and thus draws a connection between the American past and what must be considered an exceptional conservative American administration even by American standards under George W Bush Farmer illustrates that the basic ideological underpinnings that have driven the Bush administration that have generally been viewed by Europeans as exceptional have been present in American politics since its earliest colonial beginnings with the Puritans and been carried forward by the ideological descendants of the Puritans from that time through the present In essence the form of American conservative exceptionalism exhibited during the Bush administration was present in American politics from the very beginning and has continued through the present albeit in a more extreme form since the traditional ideological conservatives currently dominate all three branches of the American government and the terror attacks of 9 11 allowed them to garner popular support for their exceptional programs Texas Politicians Mona D. Sizer, 2001 Texas perhaps more than any other state has bred ruthless individualism Accompanying this is a certain contempt a sense among some who enter the rough and tumble arena of politics that they may ignore the finer points of the law they swear to uphold The only problem the author encountered was choosing which politicians to write about from among the ambitious self serving men and women who guided and governed in this huge diverse state This book is about people who believed that OWhatOs good for me is good for Texas O In a surprising number of cases they were right These stories are not just biographies but historical and political analyses of the benefits that accrued to the state and its people as a result of these politiciansO self serving ruthlessness told

with wit and humor and a considerable dose of irony     Partisan Politics, the Evil and the Remedy James Sayles Brown,1897
