Terror Enigma:

Enigma Michael Robertson, 2024-03-13 Seb Zodo had a hunch from the second he met Moses but even he understood he needed more than that before he acted upon it Now he knows the truth he plans to return to the Shadow Order's base for a long overdue showdown with the villainous shark With his friends behind him Seb's ready to finally end his affiliation with the Shadow Order and rid himself of the prophecy hanging around his neck Once he's defeated the darkness in the galaxy he can have the quiet life he's been craving If only it were that simple *Enigma Book Six of The Shadow Order* is a fast paced space opera adventure

Beauty and the Enigma Francis Landy, 2001-03-01 This book is a collection of Landy's studies on the poetics of the Hebrew Bible The Song of Songs is featured alongside the prophetic voices of Amos Hosea and Isaiah and essays on the Binding of Isaac and on the book of Ruth Throughout the emphasis throughout is on the subversiveness richness and ambiguity of the text but above all its often enigmatic beauty The thread of psychoanalysis and its metaphorical technique draws together this collection from one of the Bible's most sensitive and distinctive literary critics

The Enigma of the Suicide Bomber Franco De Masi, 2018-03-21 Why does someone resolve to take his own life in order to murder other people What is the state of mind which allows him to commit such a monstrous act This book explores the mental state that compels certain individuals to perform murderous suicidal acts and emphasizes that whereas a suicidal terrorist attack can be described as a crime against humanity its protagonists cannot necessarily be classified as criminal or insane There is no such a thing as a typical suicide terrorist each attacker differs in age sex family status culture and even religion Indeed the common elements in suicide terrorism should perhaps be sought not so much in the individuals concerned as in the dynamics rooted in their group family history or country It may be extreme situations experienced by the group situations that are either objectively extreme or perceived as such that give rise to paradoxical behaviour at individual level Psychoanalysis is well placed to consider this terrain

Terror Enigma Justin Raimundo, 2003-09-01 The Enigma of Gogol Richard Peace, 2009-04-30 Peace argues that Gogol's ambiguous humanist position stems from the cultural impact of Romanticism

Inside the Enigma Michael Hughes, 1997-01-01 The twentieth century has been fundamentally shaped by changes in Russia where disaster in the First World War was followed by the fall of the Tsar Nicholas II's replacement first by Kerensky's liberal government then by the Bolsheviks and the subsequent Civil War and foreign intervention led to the erection of a system of state tyranny previously unthought of The Bolshevik regime with its ideological hatred of other regimes was a threat to the west where developments in Russia were watched with both horror and fascination Britain's information about this series of extraordinary events and about what might be about to happen next was largely dependent on the small number of British officials mainly diplomats posted in Russia *Inside the Enigma* gives us a view from an unusual and privileged angle of the history of Russia between the turn of the century and the beginning of the Second World War The discomforts and privations suffered by British officials were matched by their frustration Impenetrable Tsarist court intrigue was replaced by

a wall of disinformation and suspicion after the Bolshevik seizure of power Nevertheless what they saw and reported makes remarkable reading *Propaganda, Communication and Empire* Sumanth Inukonda, Oliver Boyd-Barrett, Lara Martin Lengel, 2025-04-22 This volume interrogates the mediatized politics of western intervention in Afghanistan to gain a deeper understanding of the occupation within the broader transition toward a multipolar global order Accurate histories of western interventions and regional realities are often obscured or even eclipsed in the accounts of western mainstream media which if anything tend to rue the withdrawals and lionize the suffering of returning troops This volume investigates the state's role in the dark underbelly of the shortsighted interventionist media narrative as well as the dehumanizing portrayals of people living in the Afghanistan Pakistan region In its opening section the book critically evaluates the narrative of the Global War on Terror as well as the wars launched after 9 11 that destabilized the Middle East The chapters in the following section contextualize developments in Afghanistan with a historical framework that will problematize linear narratives that are mobilized in support of interventions The chapters in the final section represent specific aspects of the geopolitical and humanitarian consequences that have eluded mainstream media workers including journalists and Hollywood moviemakers This book will be of interest to students of propaganda studies media and communication studies US foreign policy and international relations

The Enduring Enigma of Lev Tikhomirov Glenn Cronin, 2025-10-15 The Enduring Enigma of Lev Tikhomirov presents the Western reader with the first comprehensive study of the life and ideas of a revolutionist turned monarchist one of the most intriguing and neglected thinkers in Russia in the late imperial period As a young man Tikhomirov was an ardent revolutionary comrade among others of Vera Figner and Sofia Perovskaya and he was four years imprisoned by the Tsarist police He later became the chief theoretician of the People's Will revolutionary group that assassinated Tsar Alexander II in 1881 following which he fled Russia to avoid the gallows and continued revolutionary activity as an émigré in Geneva and Paris Then came an abrupt reversion in his outlook He petitioned Alexander III to return to Russia received clemency in 1888 and afterward became a staunch defender of autocracy and the Orthodox faith The Enduring Enigma of Lev Tikhomirov examines Tikhomirov's chief works all of which came after his return to Russia Monarchical Statehood 1905 deals with the nature of power and the theory of the State recalling strongly the thought of Thomas Hobbes most notably his Leviathan of 1651 The Religious Philosophical Fundamentals of History 1913 1918 is Tikhomirov's justification of Christian revelation and a warning against the rise of atheism moral autonomy and the perils inherent in the elevation of man to the place of God Glenn Cronin's timely intellectual history looks in depth at Tikhomirov's exploration of the nature of good and evil and the rise of dark forces that led to the tragedy of 1917
