Social Organization A Study Of The Larger Mind Transaction Social Science Classics:

Social Organization Charles Horton Cooley,1922 On Folkways and Mores Philip D. Manning,2017-07-05 William Graham Sumner is remembered primarily as an opponent of government intervention in social and economic issues Focusing on Folkways 1906 this book examines Sumner s fundamental work as a comparative ethnographer with an appreciation for the rules and rituals that regulate everyday behavior In Folkways Sumner developed classifications and an array of sociological concepts that continue to influence the discipline today This new book presents key excerpts from Folkways as well as three of Sumner s other classic essays It also includes five original essays by contemporary authorities that explain and explore Sumner s importance and influence By linking Sumner s work to contemporary research about social control the sociology of law and sociological theory these new essays confirm his status as a foundational thinker in the field Sumner offers an elegant conceptual schema with which to analyze the moral codes of in and out groups His extensive use of comparative anthropological data demonstrates a qualitative methodology that can easily be applied to the analysis of contemporary American society This volume includes contributions by Jonathan B Imber Howard G Schneiderman and A Javier Trevino Social Organization Charles Horton Cooley,1983 **The Feeling Intellect** Philip Rieff,1990 Collected here for the first time these writings demonstrate the range and precision of Philip Rieff s sociology of culture Rieff addresses the rise of psychoanalytic and other spiritual disciplines that have reshaped contemporary culture **Imagining Society** Daniel Nehring,Dylan Kerrigan,2020-02-26 Re examining C Wright Mills s legacy as a jumping off point this original introduction to sociology illuminates global concepts themes and practices that are fundamental to the discipline It makes a case for the importance of developing a sociological imagination and provides the steps for how readers can do that The unique text Offers succinct and wide ranging coverage of many of the most important themes and concepts taught in first year sociology courses Has a global framework and case material which engages with decoloniality and critiques an overly white western and developed world view of sociology Is woven through with contemporary examples from social media to social inequality big data to the self help industry Rethinks and re imagines what a critically committed politically engaged and publicly relevant sociology should look like in the 21st century This is a lively engaging and accessible overview of sociology for all its students teachers and people who want to learn more about sociology today It is a welcome clarion call for sociology s importance in public life **Classical and Contemporary Social Theory** Tim Delaney,2024-03-22 The second edition of Classical and Contemporary Social Theory provides wraparound coverage of the classical social theorists and influential sociological schools of thought in the contemporary period Explained carefully and clearly throughout Tim Delaney reviews the key concepts and contributions from brilliant classical social thinkers and recent sociological thought spanning over 500 years of source material He weaves together profiles of leading theorists thorough descriptions of major academic and intellectual perspectives and discussion of prevailing themes of interest that have concerned theorists and

sociologists throughout time and will likely continue to do so in the future The book emphasizes methods of investigation and application in its overview of the field by challenging readers to think about problems critically and in relation to key sociological theories and to also apply their sociological understanding to real everyday events In this new edition Delaney revisits the classical period and highlights the special contributions of American social theorists and their impact on the diversity of thought leading into the contemporary era He attends to later schools of thought and weaves in important updates related to critical race theory and globalization With updated context and further applications the second edition of *Classical and Contemporary Social Theory* is a perfect addition to combined courses in social theory

Leadership in Science and Technology: A Reference Handbook William Sims Bainbridge, 2011-10-20 Tackling 100 key topics and providing case studies in the area of science and technology leadership this reference handbook is an essential resource for students in this area
