Berger,2024-07-26 The result of thirty five years of thought and research on culture by one of the best and most literate writers in sociology this wide ranging review of the meaning and study of culture is Bennett Berger at his best Drawing on his unsurpassed knowledge of the scholarly literature and on his wealth of personal experience Berger reviews and synthesizes recent work in cultural sociology from a materialist perspective An Essay on Culture culminates in a call for an empirical research program focused on the relation between symbolic choices and social locations rather than on interpretive accounts of the meanings of texts or performances Among his unusual insights are a defense of reductionism sympathetic accounts of peer pressure and special interests an attempt to restore some dignity to the word ideology and a fresh perspective on conspiracy theory Scholars and students of culture will find here stunning discussions and theoretical insights on ideological work morality and culture and on the relations between social structure and cultural structure This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1995

Idea of Social Structure, the Coser, Lewis A. **Structure, Culture and Agency** Tom Brock,Mark Carrigan,Graham Scambler,2016-11-10 Professor Margaret Archer is a leading critical realist and major contemporary social theorist This edited collection seeks to celebrate the scope and accomplishments of her work distilling her theoretical and empirical contributions into four sections which capture the essence and trajectory of her research over almost four decades Long fascinated with the problem of structure and agency Archer s work has constituted a decade long engagement with this perennial issue of social thought However in spite of the deep interconnections that unify her body of work it is rarely treated as a coherent whole This is doubtless in part due to the unforgiving rigour of her arguments and prose but also a byproduct of sociology s ongoing compartmentalisation This edited collection seeks to address this relative neglect by collating a selection of papers spanning Archer s career which collectively elucidate both the development of her thought and the value that can be found in it as a systematic whole This book illustrates the empirical origins of her social ontology in her early

work on the sociology of education as well as foregrounding the diverse range of influences that have conditioned her intellectual trajectory the systems theory of Walter Buckley the neo Weberian analysis of Lockwood the critical realist philosophy of Roy Bhaskar and more recently her engagement with American pragmatism and the Italian school of relational sociology What emerges is a series of important contributions to our understanding of the relationship between structure culture and agency Acting to introduce and guide readers through these contributions this book carries the potential to inform exciting and innovative sociological research *Social Structure* George Peter Murdock,1965 Application of cultural anthropology sociology psychology and psychoanalysis to the study of some 250 different cultures

The Active Society Revisited Wilson C. Sorokin* Barry V. Johnston,1995 Pitirim A Sorokin 1889 1968 was one of the most original important and controversial figures in American sociology His spectacular rise from a peasant childhood in Czarist Russia to the Olympian heights of Harvard University provides an unlikely and fascinating lens for examining the history of an entire discipline And as Barry Johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both Sorokin's life and the tempestuous world of academic politics An outspoken revolutionary and secretary to Alexander Kerensky Sorokin was imprisoned and ordered executed by Lenin then reprieved and exiled During the 1920s he flourished as a teacher and scholar at the University of Minnesota where he published several pioneering books on the Russian Revolution social mobility sociological theory and rural sociology Harvard president A Lawrence Lowell was so impressed that he recruited Sorokin to chair the university's first department of sociology From 1930 to 1944 the department prospered under Sorokin's leadership attracting an entire

generation of young scholars who in their own right would have a profound impact on the discipline In this period Sorokin published several volumes of his magnum opus Social and Cultural Dynamics and became embroiled in a bitter battle with rival Talcott Parsons for control of the department Parsons ultimately deposed Sorokin and transformed sociology into the Department of Social Relations Sorokin nevertheless stayed on at Harvard where he established the Center for Creative Altruism but otherwise continued to work in relative obscurity Finally in 1963 after years in eclipse Sorokin was recognized for his accomplishments when he was elected president of the American Sociological Association During a long and distinguished career Sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field At the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues For his heresy the flamboyant Sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science As a result Sorokin s ideas have been consistently ignored and misunderstood for more than a quarter century Based on exhaustive research in Sorokin s papers and the Harvard archives as well as interviews with Sorokin s surviving family members former students and colleagues this biography restores Sorokin to his rightful place in the pantheon of American intellectuals **The Cultural Background of Personality** Ralph Linton,1961 *Bánaro Society*
