Re-imagining Senior Secondary Religious Education William Sultmann, Janeen Lamb, Peter Ivers, Mark Craig, 2023-02-28 This book examines and reports the findings regarding the level of satisfaction by students teachers and parents with an innovative senior secondary Religious Education curriculum Religion Meaning and Life RML The stimulus for RML is found in the changing profile of students within faith based schools and the motivation of school authorities to be inclusive and responsive to changing needs and priorities of students and families Curriculum practices typically mirror this continuing renewal as community expectations give rise to innovation in curriculum practice This concept of continuity and discontinuity is evidenced in the field of Religious Education which recognizes religious plurality while giving preference to an imagination centred on inclusion hospitality and respectful dialogue In this context new pathways are being explored as the reality and significance of Religious Education in faith based school remain a priority for Christian organizations in Australia Mindful of the diversity of expectations within the Catholic school the curriculum initiative of RML was developed supported and implemented The La Salle Academy of the Australian Catholic University reviewed this senior secondary curriculum across three years and presents in this book an independent evaluative report of the findings together with insights for implementation at scale and associated applications across Christian faith based institutions Resources in Education ,1998 *Restless* David J. Gillard, 2022-01-06 Why do many popular songs positively reference God if our culture is widely viewed as secular Why is it a challenge to tell the Christian story when many say they are spiritual and believe in God Why do we draw so much meaning from the popular songs we listen to And might a deeper understanding of popular music culture help us to explore the bigger stories we listen to throughout our lives such as the Christian story Primarily using Zygmunt Bauman s understanding of liquid modernity we look at the social forces that shape Western society and consider why while many are looking for authentic ontologically based stories to understand their life experiences historic providers of the big stories that shape our lives such as the church favor a different epistemological way of telling them How do these different approaches to storytelling affect their reception and what insight might we draw from that Whilst this book is written primarily with those in Christian ministry in mind it will be of interest too to those who use music to explore life experiences through their work who are interested in the social forces that shape society or who simply enjoy listening to popular music *The Journal of the American Society for Psychical Research* American Society for Psychical Research, 1998 List of members in v 1 6 12 The Challenge of Psychology to Faith Steven Kepnes, David Tracy, 1982 *The Future of Work in Non-Profit and Religious Organizations: Current and Future Perspectives and Concerns* Antonio Ariza-Montes, Gabriele Giorgi, Horacio Molina-Sánchez, Javier Fiz Pérez, 2021-01-20 *Sociological Abstracts* Leo P.
