Social Impact Analysis An Applied Anthropology Manual:

Social Impact Analysis Laurence R. Goldman, 2020-08-20 This book addresses the nature purpose and processes associated with social impact analysis Because resource development projects occur in human as well as ecological environments stakeholders landowners companies and governments are compelled to ensure that the benefits of any project are maximized while the negative risks are minimized Achieving such objectives means implementing programs which monitor and evaluate the ongoing effects of a project on the social and cultural lives of the impacted populace This book aims to provide a teaching and training resource for students social scientists anthropologists sociologists human geographers environmentalists engineers etc and indigenous personnel and operators who are tasked with community affairs programs in those countries where resource development projects are implemented The constituent chapters provide how to guides and frameworks that are generously illustrated with case studies drawn variously from North America and the Asia Pacific region Topics addressed include Legal Frameworks and Compliance Procedures Social Mapping Environmental Reports Social and Economic Impact Studies Social Monitoring Techniques Project Development Statistical Packages and Report Production This book is unique in so far as it seeks to prioritize application over theory Moreover it is the first training resource that is sensitive to non western indigenes need to assimilate and apply skills engendered by Western countries

Handbook of Social Impact Assessment and Management Frank Vanclay, Ana Maria Esteves, 2024-03-14 This is an open access title available under the terms of a CC BY NC ND 4.0 License It is free to read download and share on Elgaronline.com This carefully conceived Handbook presents a state of the art discussion of the field of social impact assessment SIA highlighting contemporary understandings and emerging issues in this continually evolving area of research and practice Experienced SIA practitioners from around the world share their learnings and advice on a comprehensive range of issues faced in social performance practice

Anthropology and Consultancy Pamela J. Stewart, Andrew Strathern, 2005 The papers collected for this book are a special issue of *Social Analysis*

The International Handbook of Social Impact Assessment H. A. Becker, Frank Vanclay, 2003-01-01 This book provides a valuable addition to the Social Impact Assessment SIA literature While the volume addresses several good examples of how to case studies it also firmly addresses the importance of the need for firm conceptual and theoretical guidelines for SIA practice the volume is an excellent contribution to the SIA literature and I highly recommend it to both practitioner and researcher alike Geoff Syme *Australasian Journal of Environmental Management* An innovative collection which takes social impact assessment to the frontiers of environmental and social policy and citizen awareness Unusually this collection includes both sophisticated quantitative tools and equally important chapters on participation stakeholder involvement and environmental mediation A most valuable source book Michael Redclift King's College London UK Social Impact Assessment SIA is the process of analysing and managing the intended and unintended consequences on the human environment of planned interventions policies programmes plans projects so as to

bring about a more sustainable and equitable biophysical and human environment This important Handbook presents an indispensable overview of the range of new methods and of the conceptual advances in SIA Recent increased attention to social considerations has led to substantial development in the techniques useful to and the thinking in SIA A distinguished group of contributors provides an up to date and comprehensive account of the cutting edge in SIA development This Handbook outlines a new understanding and definition of SIA and as such will be an invaluable reference tool for both practitioners and scholars at different levels working in the fields of SIA and environmental studies including both impact assessment and management Social Impact Assessment in India Sinha, A. K.,Thakur, Ratika,Khatri, Avanee,2022-11-11

This book is a discourse on social impact assessment SIA an important tool for identifying and managing impacts of a development project It provides an outlook on judicial methodological and ethical complexities in SIA The book also offers anthropological critique of SIA and collates experiences of practitioners and researchers from India with the objective of sharpening SIA with redefined practices Social Impact Assessment in India discusses direct and indirect impacts on project affected people displaced and relocated and the role ethical and financial of funding agencies including legalities and associated vulnerabilities The strength of this book lies in its field based approach revealing ground realities and the authors reflections and insights on situations on the field across different regions of India Unquiet Past Stephanie

Koerner,2016-12-05 This important book addresses critical themes in the development of archaeology as a reflexive self critical discipline in the modern world It explores the ethical political and cultural tensions and responsibilities which need to be addressed by archaeologists when working within networks of global ecologies and communities examining how authoritarian traditions can exacerbate the divide between expert and public knowledge Moreover it analyses how localized acts of archaeology relate to changing conceptions of risk heritage culture identity and conflict Bringing insights from Alain Schnapp Michael Shanks Isabelle Stengers Bruno Latour Ulrich Beck John Urry and others to cross disciplinary discussions of these themes Unquiet Past shows how archaeological discourse can contribute towards engaging and understanding current dilemmas It also shows how archaeology as a localized and responsibly exercised practice can play a part in building our commonly shared and experienced world *Displacement, Impoverishment and Exclusion* Sujit Kumar Mishra,R Siva

Prasad,2020-11-02 This book is all about the nexus of state development intervention and the development community where the main objective of the development intervention is to enhance the revenue of the State s economy The institutional parameters are instrumental in this success However these mechanisms are limited to few stages of development giving very little space to the development communities This book is intended to present the contemporary research outcomes on the cross cutting theme of development induced displacement Please note This title is co published with Aakar Books New Delhi Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh Maldives and Sri Lanka

Applied Anthropology Alexander M. Ervin,2005 The most up to date and accessible text on the subject Applied

Anthropology provides the skills perspectives and methodologies needed when working in today's communities and organizations. An invaluable resource, this practical book answers the question: What can I do with a degree in Anthropology? In addition to a focus on method, this book provides a solid foundation in the history, activities, and ethical concerns of applied anthropology. The book stresses decision making and the need to understand policy through anthropological analysis. Because an anthropologist must communicate effectively with the general non-anthropological public, the text employs an accessible, jargon-free writing style. More than twenty case studies, plus many real-world examples of anthropological practice, reinforce the usefulness of anthropology in the real world. New material includes a summary of Elizabeth Guillette's research, a case study summarizing the work of Kendall Thu on intensive livestock operations, an analysis of Rapid Assessment Procedures, and a summarization of the work and ideas of Robert Chambers.

Negotiating Local Knowledge Johan Pottier, Alan Bicker, Paul Sillitoe, 2003-04-20. This is an original approach to debates about indigenous knowledge. Concentrating on the political economy of knowledge construction and dissemination, they look at the variety of ways in which development policies are received and constructed to reveal the ways in which local knowledge is appropriated and recast either by local elites or by development agencies. Until now, debates about indigenous knowledge have largely been conducted in terms of agricultural and environmental issues such as bio-piracy and gene patenting. This collection breaks new ground by opening up the theoretical debate to include areas such as post-war traumatic stress counselling, representations of nuclear capability, architecture, mining, and the politics of eco-tourism.

Applied Anthropology Margaret Anderson Gwynne, 2003. This up-to-date, engaging, accessible applied anthropology textbook presents a thorough yet balanced introduction to the field while specifically addressing a concern of immediate and practical importance to college students choosing a career field. *Applied Anthropology: A Career-Oriented Approach* effectively shows how anthropological ideas and techniques can be used in the real world. One reviewer describes this new text as an unusually broad and very welcome breadth of perspective on applied anthropology; it will become the text of choice for both undergraduate and graduate courses in applied anthropology throughout the country. Gwynne covers all important topics thoroughly, clearly, and with illustrative details that bring core concepts alive for the reader.

Handbook of Environmental Psychology Robert B. Bechtel, Arzah Ts'erts'man, 2002. Comprehensive handbook providing an overview of the theories, research, and applications critical to Environmental Psychology. It aims to define the ongoing revolution in thinking about how the environment and psychology interact.
