**Pitirim Aleksandrovich Sorokin**

## **Social Mobility In Europe:**

Social Mobility in Europe Richard Breen,2004-11-25 Social Mobility in Europe is the most comprehensive study to date of trends in intergenerational social mobility. It uses data from 11 European countries covering the last 30 years of the twentieth century to analyze differences between countries and changes through time. The findings call into question several long standing views about social mobility. We find a growing similarity between countries in their class structures and rates of absolute mobility in other words the countries of Europe are now more alike in their flows between class origins and destinations than they were thirty years ago. However differences between countries in social fluidity that is the relative chances between people of different class origins of being found in given class destinations show no reduction and so there is no evidence supporting theories of modernization which predict such convergence. Our results also contradict the long standing Featherman Jones Hauser hypothesis of a basic similarity in social fluidity in all industrial societies with a market economy and a nuclear family system. There are considerable differences between countries like Israel and Sweden where societal openness is very marked and Italy France and Germany where social fluidity rates are low. Similarly there is a substantial difference between for example the Netherlands in the 1970s which was quite closed and in the 1990s when it ranks among the most open societies. Mobility tables reflect many underlying processes and this makes it difficult to explain mobility and fluidity or to provide policy prescriptions. Nevertheless those countries in which fluidity increased over the last decades of the twentieth century had not only succeeded in reducing class inequalities in educational attainment but had also restricted the degree to which among people with the same level of education class background affected their chances of gaining access to better class destinations

**Social Cohesion** Council of Europe,2013-01-01 The European Committee for Social Cohesion CDCS is the intergovernmental body of the Council of Europe addressing social issues at the level of its 47 member states. This publication includes the Recommendation on fostering social mobility as a contribution to social cohesion Page 8 **New**

**Social Mobility** Jens Schneider,Maurice Crul,Andreas Pott,2022-06-28 This open access book comparatively analyses intergenerational social mobility in immigrant families in Europe. It is based on qualitative in depth research into several hundred biographies and professional trajectories of young people with an immigrant working class background who made it into high prestige professions. The biographies were collected and analysed by a consortium of researchers in nine European countries from Norway to Spain. Through these analyses the book explores the possibilities of cross country comparisons of how trajectories are related to different institutional arrangements at the national and local level. The analysis uncovers the interaction effects between structural institutional settings and specific individual achievements and family backgrounds and how these individuals responded to and navigated successfully through sector specific pathways into high skilled professions

such as becoming a lawyer or a teacher By this it also explains why these trajectories of professional success and upward mobility have been so exceptional in the second generation of working class origins and it tells us a lot also about exclusion mechanisms that marked the school and professional careers of children of immigrants who went to school in the 1970s to 2000s in Europe and still do Social Mobility in Europe [electronic Resource.]. Richard Breen,2004 **Social Mobility in the EU** Anna Ludwinek,Fondation européenne pour l'amélioration des conditions de vie et de travail,Robert Anderson,Daphne Ahrendt,Jean-Marie Jungblut,Tadas Leončikas,2017

**Historical Research on Social Mobility** Hartmut Kaelble,2025-08 First published in English in 1981 Historical Research on Social Mobility treats a central area of social history the history of social mobility It provides a unique guide to the wide range of research in this area that is carried out by many specialists of varying disciplines within social science Concentrating on Western Europe and the USA during the nineteenth and twentieth centuries the book considers four topics changes in the occupational and social opportunities of the working class the inequality of educational opportunity shifts in the recruitment of business elites and changes in the social origins of the political elites Illustrating concrete results of research into the history of social mobility the volume also points to both the advances and shortcomings in this relatively new area Incorporating an extensive bibliography the book provides an invaluable stimulus for further reading and investigation

Mobility in Europe Ingemund Hägg,Alasdair Murray,2010 **Europe Beyond Mobility** Vincent Kaufmann,Ander Audikana,Guillaume Drevon,2021-11-29 Mobility which has represented a critical scientific category and political driver is currently under strong public scrutiny has mobility lost its potential for social cohesion and political integration Europe Beyond Mobility Mobilities Social Cohesion and Political Integration assesses this question by focusing on the European integration process conceptualized as a political project for the promotion of different flows of mobility Mobility has been a fundamental tool for territorial strength and political integration among European countries Based on a realistic understanding of the potentials and limits of mobility this book pleads for a resonant mobility in the interest of a renovated European integration process It examines how in opposition to those advocating for national borders and mobility restrictions the EU needs to explore new regulatory models which limit mobility's adverse social economic and environmental impacts and make accessible the benefits of alternative flow models It also provides an analytical framework for the study of current trends of mobility limitation migration restriction and re bordering and offers a complementary and innovative framework for the study of globalization Europe Beyond Mobility will be of interest to academics and students as well as policy makers and practitioners internationally in the fields of mobility migration and border studies Handbook on Inequality and Social Capital Steve McDonald,Rochelle Côté,Jing Shen,2024-10-03 Building upon the extensive and expansive tradition of research on social capital and inequality this Handbook summarizes current social capital research and showcases cutting edge

applications It highlights the major theoretical and methodological advancements in the field and provides a comprehensive review of the diversity of research on social capital and its relationship with the creation and maintenance of different forms of inequality **Intergenerational Social Mobility in European OECD Countries** ,2009

**Climbing up the Social Ladder?** Vlad Popovici,Alice Velková,Martin Klečák,2024-10-21 Social mobility is about climbing the societal ladder or

switching to a better more promising or rewarding position But how does this work for those already atop or very close to it Climbing up the Social Ladder explores instances of social mobility among different types of positional decisional and status defined elites in East Central Europe during the long 19th century at individual or group level

**Otherness in Communication Research** Luisa Magalhaes,2025-01-02 This book offers various perspectives from media studies

interpersonal communication and intercultural communication on the experience and effects of being othered excluded and treated as less than Its three sections cover 1 expressions of otherness in everyday life 2 experiences of otherness in media discourses and 3 strategies against otherness in social interaction This book challenges the expression of otherness that is frequently related on texts of colonialism and of western social hegemonic characteristic of the Global North therefore giving voice to perspectives from the Global South in a pluralistic reading The collection of contexts in which the expression of otherness is highlighted in this book are presented in the perspective of the powerless other As a receiver involved in a communicative process the othered individual is approached in relation to his identitarian demonstrations both in daily life face to face and virtual contexts and in critical situations These range from households to school and to media environments therefore enhancing a thorough perspective on the phenomenon of othering in plural contexts

**Social Mobility in the 20th Century** Florian R. Hertel,2016-08-09 Based on a novel class scheme and a unique compilation of German and American data this book reveals that intergenerational class mobility increased over most of the past century While country differences in

intergenerational mobility are surprisingly small gender regional racial and ethnic differences were initially large but declined over time At the end of the 20th century however mobility prospects turned to the worse in both countries In light of these findings the book develops a narrative account of historical socio political developments that are likely to have driven the basic resemblances across countries but also account for the initial decline and the more recent increase in intergenerational inequality

**Pioneers of European Integration** Ettore Recchi,Adrian Favell,2009-01-01 Pioneers of European Integration contributes greatly to European sociology by offering unique quantitative data on the so far uncharted

group of intra EU movers Theresa Kuhn European Sociological Review Free movement has become a defining feature of European society This important study answers the question who are these free movers Using both quantitative and qualitative research evidence it brings new perspectives to the sociology of European migration and integration broadening the analysis from traditional labour migrants to various new kinds of spatial and social mobility in the continent Russell King University of Sussex and Sussex Centre for Migration Research UK The free movement of EU citizens is the most visible

sociological consequence of the remarkable process of European integration that has transformed the continent since the Second World War Pioneers of European Integration offers the first systematic analysis of the small but symbolically potent number of Europeans who have chosen to live and work as foreigners in another member state of the EU Based on an original survey of 5000 people moving to and from the EU's five largest countries the book documents the demographic profile migration choices cultural adaptation social mobility political participation and media use of these pioneers of a transnational Europe as well as opening a window to the new waves of intra EU East West migrations Students and scholars of sociology political science human geography anthropology migration studies and European studies will all warmly welcome the volume Civil servants and policymakers will also find this book an essential tool in coming to terms with the implications of EU citizenship and the transformative effects of this unprecedented European integration from below

**Health Inequalities** Johan P. Mackenbach, 2019 The world we live in is hugely unequal People in a better socioeconomic position do not only lead more comfortable lives but also longer and healthier lives Drawing on research from a wide span of disciplines this book explores the evolution of health inequalities over time in different countries and the causes behind them

**Social Mobility** Pitirim Aleksandrovich Sorokin, 1927 *Break the Caste* George Gerharz, 2021-10-01 In *Break the Caste* George Gerharz unmasks common American misperceptions of poverty inequality and social mobility Based on personal experience from five decades of anti poverty work and current research he proposes solutions to inequality lack of mobility and poverty and examines how the American social order and corporate powers create these problems In this book he provides four strategies to create a more equal and economically mobile nation

## Unveiling the Magic of Words: A Overview of "**Social Mobility In Europe**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
