

The book cover is a complex collage. The background is a dark, textured blue. On the left, there are dark, silhouetted industrial structures resembling a power plant or refinery. In the center, there's a rectangular inset showing three people in a meeting. To the right of this, there's a large, stylized figure of a person in a blue shirt. Below that, there's a smaller figure of a person in a blue shirt. The overall aesthetic is modern and academic.

**Science and Pseudoscience in Clinical Psychology, First Edition** Scott O. Lilienfeld, Steven Jay Lynn, Jeffrey M. Lohr, 2012-02-21 This is the first major text designed to help professionals and students evaluate the merits of popular yet controversial practices in clinical psychology differentiating those that can stand up to the rigors of science from those that cannot Leading researchers review widely used therapies for alcoholism infantile autism ADHD and posttraumatic stress disorder herbal remedies for depression and anxiety suggestive techniques for memory recovery and self help models Other topics covered include issues surrounding psychological expert testimony the uses of projective assessment techniques and unanswered questions about dissociative identity disorder Providing knowledge to guide truly accountable mental health practice the volume also imparts critical skills for designing and evaluating psychological research programs It is ideal for use in advanced undergraduate and graduate level courses in clinical psychology psychotherapy and evidence based practice

**Handbook of Media Management and Economics** Alan Albarran, Bozena Mierzejewska, Sylvia M. Chan-Olmsted, Jaemin Jung, Michael O. Wirth, 2006-04-21 This comprehensive Handbook provides a synthesis of current work and research in media management and economics The volume has been developed around two primary objectives assessing the state of knowledge for the key topics in the media management and economics fields and establishing the research agenda in these areas ultimately pushing the field in new directions The

Handbook's chapters are organized into parts addressing the theoretical components, key issues, analytical tools, and future directions for research. Each chapter offers the current state of theory and scholarship of a specific area of study, and the volume contributors, all well established in their areas of specialty, represent domestic and international scholarship. With its unparalleled breadth of content from expert authors, the Handbook provides background knowledge of the various theoretical dimensions and historical paradigms and establishes the direction for the next phases of research in this growing arena of study. The Handbook of Media Management and Economics will serve to stimulate future thought and research in the media management and economics disciplines. As such, this volume will be a required reference for students, professors, and industry practitioners for years to come.

**Conducting Research in Psychology** Brett W. Pelham, Hart Blanton, 2003. Pelham's text avoids the heavy scientific jargon commonly found in research methods texts. Instead, *Conducting Research in Psychology* features friendly prose, interesting examples, and delightful anecdotes that your students will enjoy. Pelham uses recurring examples throughout the text to illustrate chapter concepts. This brief book also includes hands-on activities that involve learning by doing, methodology exercises that encourage students to use their intuitions to understand research methods, and methodology problems that teach students to apply basic research principles to novel problems.

**The Journal of International Communication**, 2007. *Atkinson & Hilgard's Introduction to Psychology* Edward E. Smith, Rita L. Atkinson, Ernest Ropiequet, Hilgard, 2003. This text offers an up-to-date view of the dynamic nature of contemporary psychology. The authors build a strong foundation in the fundamentals of psychology while featuring the most innovative contemporary research. With plenty of supportive pedagogy, experiments are explained in detail, and charts and figures add to an understanding of the results. The book offers an integrated biological orientation, a trend that is changing the way psychological topics are viewed, exemplified by the coverage of bio-evolutionary research. , 2007-07. **Domestic Violence** Lettie L. Lockhart, Fran S. Danis, 2010-02-04. In *Domestic Violence: Intersectionality and Culturally Competent Practice*, experts working with twelve unique groups of domestic abuse survivors provide the latest research on their populations and use a case study approach to demonstrate culturally sensitive intervention strategies. Chapters focus on African Americans, Native Americans, Latinas, Asian and Pacific Island communities, persons with disabilities, immigrants and refugees, women in later life, LGBT survivors, and military families. They address domestic violence in rural environments and among teens, as well as the role of religion in shaping attitudes and behavior. Lettie L. Lockhart and Fran S. Danis are editors of the Council of Social Work Education's popular teaching modules on domestic violence and founding co-chairs of the CSWE symposium on violence against women and children. In their introduction, they provide a thorough overview of intersectionality, culturally competent practice, and domestic violence, and basic practice strategies such as universal screening, risk assessment, and safety planning. They follow with collaborative chapters on specific populations, demonstrating the value of generalist social work practice, including developing respectful relationships that define issues.
