the impact of American economic globalism since the 1990s He demonstrates that whether perceived as a threat or a triumph Jewish Christian couplings provide a visceral easily graspable template for understanding the rapid transformations of an increasingly globalized world **Anthropological Linguistics** ,1994 **Social Anarchism** ,1999 **Anarchism** Joan Nordquist,1999 **Feminist Studies** ,1995 **Maledicta** Reinhold Aman,1996 American Political Mythology from Kennedy to Nixon Richard Bradley,2000 Examining American politics society and culture from Kennedy to Nixon this book ties all of these elements together and explains the political mythology that has made this period one of the most fascinating and important epochs in American history One of the strengths of the book is that it not only demonstrates but also explains the deeper mechanisms behind our continual fascination with these three particular presidents From the Kennedy assassination through Vietnam and Watergate a complex web of historical events is untangled and lucidly explained There have been few efforts to examine the nature of Kennedy s continual appeal but no work thus far has attempted to place Kennedy Johnson and Nixon in one coherent framework that not only explains our fascination indeed obsession with these individuals but also illuminates the period in history they so dominated **Industrial Studies 1** Ed Coker,Geoffrey Stuttard,1975 **Language** David S.
