Sociology Australia Judith Bessant, 2020-07-16 Sociology gives us the tools we need to understand our life and the lives of the people around us It reveals that our commonsense view of the world isn't always right and enables us to find out what actually shapes our experiences In this widely used and very readable introductory text Judith Bessant and Rob Watts show us how to develop a sociological perspective on what is happening in Australia today Rapid and far reaching social changes are taking place which affect us all globalisation is impacting on our economy and culture technological developments increase the pace of life and many people worry about the decline of traditional values and about environmental and personal security Using a sociological perspective we can explain why different groups of people experience these changes as exciting unsettling or devastating Sociology Australia is structured around six key questions What is sociology Who are we and how do we come to be who we are How do we know the world in which we live Can we make our lives as we want them Who makes the decisions that shape our society What changes are taking place in Australia today Sociology Australia is an ideal introduction to the

discipline of sociology and to the dynamics of Australian society today This third edition of Sociology Australia has been substantially revised and updated and includes new chapters on religion education and sustainability Australian Social Development Clarence Hunter Northcott,1918 **Australian Sociology** K. Harley,G. Wickham,2014-07-22 Battered and bruised by injuries often self inflicted sustained in the first half of the twentieth century since 1950 sociology in Australia has fought its way back into the academic mainstream This has not been easy its fortunes seem forever mixed good in some places and dismal in others But it has proved itself resilient it is a survivor **Intellectual Movements and Australian Society** Brian Head,James Walter,1988 This collection of fifteen essays presents a comprehensive discussion of the main aspects of Australian intellectual life and social and political inquiry in this century The contributors focus on such areas as the place of the intellectual in contemporary Australian life and society the historical role of the intellectual the significance of particular groups including feminists Catholics conservatives and liberals and intellectual traditions in such disciplines as science and literature **The Encyclopedia of Social Reform** William Dwight Porter Bliss,1897 *Sociology in Australia and New Zealand* Cora Vellekoop Baldock,James Lally,1974-11-21 An abducted child A ruthless killer A race against time Haunted by her failures police detective Isabelle O Connell is recalled to duty by detective Alec Goddard to investigate the abduction of yet another child from her old home town With the killer playing a game of cat and mouse they have only days in which to find the girl alive but they have very few clues a whole town of suspects and a vast wilderness to search For Isabelle this case is already personal for Alec his best intentions to keep it purely professional soon dissolve He starts to think of the missing child as if she were his own and his anguish over Bella s safety moves beyond just his concern for a colleague Their mutual attraction leaves them both vulnerable to their private nightmares nightmares that the killer ruthlessly exploits
