Traditional methods of Law and Literature are combined with work in critical media studies affect and cultural narratology to
address topics such as ethnonationalism anti immigration sentiment and systemic racism in Germany and the United States
Taking stock of the diversification of the field at fifty years this book understands Law and Literature as a political project It
has a precedent in inaugural Law and Literature texts such as Jacob Grimm s *Von der Poesie im Recht* On the Poetry in Law
from 1815 16 which imagined an alternative legal order that was grounded in the unity of law poetic language and feeling
The political thrust of Law and Literature continues up into the present in the arts of BlackLivesMatter which document and
