The Nether World:

The Nether World George Gissing,1889 **Gilgamesh, Enkidu, and the Netherworld and the Sumerian Gilgamesh Cycle** Alhena Gadotti,2014-08-08 Alhena Gadotti offers a much needed new edition of the Sumerian composition Gilgamesh Enkidu and the Netherworld last published by Aaron Shaffer in his 1963 doctoral dissertation Since then several new manuscripts have come to light prompting not only a new edition of the text but also a re examination of the composition In this book Gadotti argues that Gilgamesh Enkidu and the Netherworld was the first not the last of the Sumerian stories about Gilgamesh She also suggests that a Sumerian Gilgamesh Cycle currently only attested in old Babylonian manuscripts ca 18th century BCE was in fact developed during the Ur III period ca 2100 2000 BCE Providing a new way to look at the Sumerian Gilgamesh stories this book is relevant not only to scholars of the ancient Near East but also to anyone interested in epic and epic cycle **Primitive Conceptions of Death and the Nether World in the Old Testament** Nicholas J. Tromp,1969 This study intends to show how the application of the fruits of Ugaritic scholarship can make a valuable contribution to the study of Israelite conceptions about Death and the Hereafter In the first place this contribution is of a linguistic nature it attempts to use the results of philological research on the Ugaritic texts and its application to biblical literature Secondly it tries to obtain a better perspective of Israelite views on death and the beyond with the help of conceptions found in these texts This study is limited to mythical motives This limitation implies that the theme treated is Death and Sheol as the Israelite eschata The problems of immortality and resurrection are not discussed **The Netherworld in Ancient Egypt and China** Mu-chou Poo,2023-11-16 Considering the striking similarities between the treatment of the dead and conceptions of the netherworld in ancient Egypt and China how can we compare the two traditions Mu chou Poo considers this question and provides a new perspective on archaeological materials including tomb structures and funerary texts by addressing them in the context of universal human problems such as death the future of the dead and the search for happiness in life Poo chronologically reconstructs the emergence of the idea of the netherworld and its evolution in both ancient Egypt and ancient China He explores the relationship between religious beliefs and social ethics in these civilizations considers why similar social and material conditions could have produced varied expressions of the afterlife and what such variations reveal about each culture Poo argues that a comparison between both visions of the netherworld and their relationship to life experience gives further insight into the nature of each civilization Through this analysis Poo shows that thematic comparison of ancient civilizations is not only possible but also relevant to modern society Sumerian and Babylonian Psalms Stephen Langdon,1909 The Netherworld in Sumero-Akkadian Literature Toshikazu Kuwabara,1991 *Proceedings of the Twenty-third International Congress of Americanists* ,1930 **The Nether World Illustrated** George Gissing,2021-04-28 The Nether World 1889 is a novel written by the English author George Gissing The plot concerns several poor families living in the slums of 19th century London Rich in naturalistic detail the novel

Balch,1907 *Fishes, Flowers, & Fire as Elements and Deities in the Phallic Faiths & Worship of the Ancient Religions of Greece, Babylon, Rome, India, &c* Arthur Reader,1890 **The Dravidian Night Entertainments** S.
