Comparative Civil Procedure Margaret Y.K. Woo, Cornelis H. van Rhee, 2025-03-12 Bringing together an international array of legal scholars this discerning Research Handbook provides a comparative analysis of civil procedure law Chapters examine the rules that dictate how a civil dispute is initiated processed decided and enforced in a court of law comparing each aspect of the procedure across continents including Asia Europe and the Americas

Law, Culture, and Ritual Oscar G Chase, 2007 Oscar G Chase studies the American legal system in the manner of an anthropologist By comparing American dispute ways with those of other systems including some commonly believed to be more primitive he finds interesting similarities that challenge the premise that we live in a society regulated by a rational and just rule of law New York Law Journal A witty and engaging endeavor A good contribution to our professional knowledge and it is a must reading Law and Politics Book Review After reading Law Culture and Ritual no one could ever again think that our legal proceedings are nothing more than an efficient method of discovering truth and applying law Oscar Chase effectively uses a comparative approach to help us to step back from our legal practices and see just how steeped in myths rituals and traditions they are Scholars will want to read this book for its contribution to comparative law but everyone interested in American culture should read this book Chase shows us that there is no separating law from culture each informs and maintains the other Law Culture and Ritual is a major step forward in the rapidly expanding field of the cultural study of law Paul Kahn author of The Cultural Study of Law Reconstructing Legal Scholarship Having allowed ourselves to be convinced wrongly that we are the most litigious people in the world Americans have become obsessed with finding quick cures Oscar Chase's book sounds a salutary warning By presenting striking comparative examples that shatter our parochialism he forces us to examine the cultural roots of dispute processes Richard Abel Connell Professor of Law UCLA Law School Disputing systems are products of the societies in which they operate they originate and mutate in response
