A New English Dictionary on Historical Principles, 1897 **The New England Magazine**, 1890 **Adaptation, Intermediality and the British Celebrity Biopic** Márta Minier, Maddalena Pennacchia, 2016-03-23 Beginning with the premise that the biopic is a form of adaptation and an example of intermediality this collection examines the multiplicity of source texts and the convergence of different media in this genre alongside the concurrent issues of fidelity and authenticity that accompany this form The contributors focus on big and small screen biopics of British celebrities from the late twentieth and twenty first centuries attending to their myth making and myth breaking potential Related topics are the contemporary British biopic's participation in the production and consumption of celebrated lives and the biopic's generic fluidity and hybridity as evidenced in its relationship to such forms as the bio docudrama Offering case studies of film biographies of literary and cultural icons including Elizabeth I Elizabeth II Diana Princess of Wales John Lennon Shakespeare Jane Austen Beau Brummel Carrington and Beatrix Potter the essays address how British identity and heritage are interrogated in the re telling and showing of these lives and how the reimagining of famous lives for the screen is influenced by recent processes of manufacturing celebrity

AngloMania Andrew Bolton, 2006 Anglomania the craze for all things English gripped Europe during the mid to late 18th century As perceived by Anglophiles such as Voltaire and Montesquieu England was a land of reason freedom and tolerance a place where the Enlightenment found its greatest expression What began as an intellectual phenomenon however became and has remained a matter of style Through the lens of fashion AngloMania examines aspects of English culture such as class sport royalty pageantry eccentricity the gentleman and the country garden which have fuelled the European and American imagination This beautiful book presents historical costumes juxtaposed with late 20th and early 21st century fashions by Hussein Chalayan John Galiano Stephen Jones Shaun Leane Alexander McQueen Philip Treacy and Vivienne Westwood As with the hugely successful exhibition Dangerous Liaisons Fashion and Furniture in the 18th Century at the Metropolitan Museum the clothing is styled as a series of thematic vignettes in the Museum's English Period Rooms This book comprises photographs of the installations along with text written by Andrew Bolton From

AngloMania we learn that Englishness is a romantic construct based on fictive and imaginary narratives In terms of fashion these narratives emerge as ones that are satirical nostalgic theatrical and like the English weather at once indomitable and unpredictable

Political Dandyism in Literature and Art Geertjan de Vugt, 2018-06-07 This book traces a genealogy of political dandyism in literature Dandies abstain from worldly affairs and politics in particular As an enigmatic figure or a being of great eccentricity it was the dandy that haunted the literary and cultural imagination of the nineteenth century In fact the dandy is often seen as a quintessential nineteenth century figure It was surprising then when at the beginning of the twenty first century this figure returned from the past to an unexpected place the very heart of European politics Various so called populist leaders were seen as political dandies But how could that figure that was once known for its aversion towards politics all of a sudden become the protagonist of a new political paradigm Or was the dandy perhaps always already part of a political imagination This study charts the emergence of this political paradigm From the dandy's first appearance to his latest resurrection from Charles Baudelaire to Jean Fran ois Lyotard from dandy insects to a dandy Christ this book follows his various guises and disguises
