The New Miracles of Rebound Exercise Albert Earl Carter, 1988

Rebound Exercise Albert E. Carter, 2005-11-16

Albert Carter is the pioneer of Rebound Exercise and the founder of Rebound AIR Inc. He is currently the Lead Designer of the best built most innovative rebounders on the planet. Al attended Oklahoma State University on a full scholarship for wrestling. He completed his college work as a full scholarship wrestler at the University of Utah, qualifying twice for Olympic competition in wrestling. He was all-around gymnastic champion in Montana, Texas, Louisiana, Oklahoma, and Arkansas. In 1974 and 1975, his Gymnastic Fantastic professional trampoline team gave over 500 performances to more than half a million spectators. Recognizing that his extraordinary good health and superior strength were connected to his work on the trampoline, Carter set out to discover why the human body reacts so positively to rebounding. He developed the Dyna Bound, a home-sized rebound exerciser, and published his book *The Miracles of Rebound Exercise* in 1979. Rebounding was the springboard. The Healthy Cell Concept presented in *The New Miracles of Rebound Exercise* and *The Cancer Answer* is the result of over a decade of research on all the components necessary to perfect health. As a lecturer and educator, Carter has appeared on national television in the U.S., Australia, Hong Kong, and the Philippines. In 1983, by special invitation of the Hong Kong government, Carter was retained to teach the 35,000 members of the police and fire departments. The Healthy Cell Concept and the benefits of rebounding. He has presented his concepts to numerous medical groups worldwide. Today, Carter is recognized as the world's greatest authority on rebound exercise.

The Detox Book, 3rd Edition Bruce

Fife, 2017-08-14. We live in a toxic world. Environmental pollution and disease-causing germs assault us continually, day after day. Our food is nutrient deficient, and our water supply is dangerously contaminated. People today are exposed to chemicals in far greater concentrations than were previous generations. Thousands of tons of man-made chemicals and industrial pollutants are poured into our environment, and our food supply is daily. With such a massive attack on our health, we should all be sick from toxic overload. And we are. In no other time in the history of the world has degenerative disease been as prominent as it is today. Diseases that were rare or unheard of a century ago are now raging upon us like a plague. Millions are dying from diseases that were virtually unknown in the past. Experts tell us that by the time we reach middle age, each one of us will have already been affected by either cancer, cardiovascular disease, or some other serious degenerative condition. Conventional medicine has no sure cure. Drugs, surgery, and radiation treatments can be as dangerous and debilitating as the diseases they attempt to cure. Nature, however, has provided us with the solution. Our bodies are amazingly resilient. If the disease-causing toxins are removed, the body will heal itself. This book outlines the steps you need to take to thoroughly detoxify and cleanse your body from these disease-causing agents. You will also learn how to reduce your toxic exposure and how to strengthen your immune system. Through detoxification, you will free yourself from the chains of pain, reverse degenerative conditions, gain more energy, feel and look younger, improve your memory, and be happier. Virtually all

the diseases of modern society including many infectious illnesses can be avoided or even cured by sensible systematic detoxification Although we live in a toxic world we can take control of our health This book will show you how The Detox Book is highly recommended for health reference collections The Midwest Book Review A comprehensive handbook of detoxification therapies Chapters give extensive background information on each subject reports of research and precise detailed instructions for self administration An encyclopedic look at how we can care for and cleanse our amazingly resilient bodies Booklist American Library Association The Detox Book is an excellent primer on cleansing the body It provides everything you need to know about detoxification why you must detoxify and how to get the best results I highly recommend this down to earth and approachable book as the first step along your journey to health Michelle Cook Health N Vitality **A Cancer Battle Plan Sourcebook** David J.
