Socialist Ensembles Theater And State In Cuba And Nicaragua:

Socialist Ensembles Randy Martin, 1994 Most discussions of socialist development within nation states focus exclusively on the state leaving civil society out of the picture By looking into the realm of theater in two socialist countries the author broadens this view Art and Revolution in Latin America, 1910-1990 David Craven, 2006-01-01 In this uniquely wide ranging book David Craven investigates the extraordinary impact of three Latin American revolutions on the visual arts and on cultural policy The three great upheavals in Mexico 1910-40 in Cuba 1959-89 and in Nicaragua 1979-90 were defining moments in twentieth century life in the Americas Craven discusses the structural logic of each movement's artistic project by whom how and for whom artworks were produced and assesses their legacies In each case he demonstrates how the consequences of the revolution reverberated in the arts and cultures far beyond national borders The book not only examines specific artworks originating from each revolution's attempt to deal with the challenge of socializing the arts but also the engagement of the working classes in Mexico Cuba and Nicaragua with a tradition of the fine arts made newly accessible through social transformation Craven considers how each revolution dealt with the pressing problem of creating a dialogical art one that reconfigures the existing artistic resource rather than one that just reproduces a populist art to keep things as they were In addition the author charts the impact on the revolutionary processes of theories of art and education articulated by such thinkers as John Dewey and Paulo Freire The book provides a fascinating new view of the Latin American revolutionaries from artists to political leaders who defined art as a fundamental force for the transformation of society and who bequeathed new ways of thinking about the relations among art ideology and class within a revolutionary process

Handbook of Cold War Literature Andrew Hammond, 2020-09-04 This book offers a comprehensive guide to global literary engagement with the Cold War. Eschewing the common focus on national cultures the collection defines Cold War literature as an international current focused on the military and ideological conflicts of the age and characterised by styles and approaches that transcended national borders. Drawing on specialists from across the world the volume analyses the period's fiction poetry drama and autobiographical writings in three sections dominant concerns socialism decolonisation nuclearism propaganda censorship espionage common genres postmodernism socialism realism dystopianism migrant poetry science fiction testimonial writing and regional cultures Asia Africa Oceania Europe and the Americas. In doing so the volume forms a landmark contribution to Cold War literary studies which will appeal to all those working on literature of the 1945-1989 period including specialists in comparative literature postcolonial literature contemporary literature and regional literature

TDR, 2007 *Cuba* Jean Stubbs, Lila Haines, Meic F. Haines, 1996 A select annotated bibliography providing a multidisciplinary guide to Cuba a country two thirds the size of Great Britain with some eleven million inhabitants. This volume contains an especially diverse selection of topic headings. Marxism Today Chronis Polychroniou, Harry R. Targ, 1996-03-20 Early in the 20th century revolutionary socialism was not only gaining momentum but appeared destined to conquer the world. By mid century the red flag flew over capitals in Eastern Europe, Russia, China, Southeast Asia, Africa and Central America. By the 1970s over one third of the world's

population lived under socialist regimes All that has changed With the 20th century drawing to a close the political map of the globe looks very different most socialist states have collapsed revolutionary movements have been abandoned and the United States stands as the world's lone superpower This unique volume examines these changes the defeat of Marxism and suggests that the present historical juncture is but a temporary setback in the march of the working class The authors propose that Marxism remains the most useful approach in understanding and explaining contemporary capitalism and its decay as well as the only path toward the liberation of society from class exploitation

Popular Literacy

John Trimbur,2001 From the work of medieval spiritualist Margery Kempe and John Foxes Book of Martyrs to nineteenth century American scrapbooks

Mexican ex votos and Italian American cookbooks the essays in Popular Literacy examine acts of reading writing and speaking that take place at the margins of official institutionalized literacy The contributors explore these noncanonical unschooled and unauthorized acts in order to explore how people make literacy popular by using whatever means of communication is at hand to their own ends The essays treat a range of topics agents and historical settings and the contributors use a variety of theoretical frameworks and methods from a number of fields ethnography American studies history literary criticism science studies rhetoric and writing studies The chapters examine particularly revealing historical moments and cultural conjunctures where instances of popular literacy take place in uneasy relation to the dominant institutions the church the state the schools the market The contributors show that while the practices of popular literacy are never free from these influences neither are they altogether encapsulated by them Taken as a whole the essays are loosely aligned in a common project to study the ways ordinary and extraordinary readers speakers and writers use literacy to articulate identities and social aspirations to produce alternative forms of cultural knowledge and to cope with the asymmetries of power that regulate cultural life
