Society At The Crossroads Choosing The Right Road:

From Comparison to World Literature Longxi Zhang, 2014-11-19 The study of world literature is on the rise Until recently the term world literature was a misnomer in comparative literature scholarship which typically focused on Western literature in European languages In an increasingly globalized era this is beginning to change In this collection of essays Zhang Longxi discusses how we can transcend Eurocentrism or any other ethnocentrism and revisit the concept of world literature from a truly global perspective Zhang considers literary works and critical insights from Chinese and other non Western traditions drawing on scholarship from a wide range of disciplines in the humanities and integrating a variety of approaches and perspectives from both East and West The rise of world literature emerges as an exciting new approach to literary studies as Zhang argues for the validity of cross cultural understanding particularly from the perspective of East West comparative studies

Sport as Social Policy David Ekholm, Magnus Dahlstedt, 2022-12-05 This book analyses the increasing use of sport in European and Western welfare states as a tool of social policy and its promotion as a solution to social problems Midnight Football is a sports based intervention targeting social inclusion and crime prevention in young people aged 12-25 in Sweden This book takes a close look at its organization pedagogy and potential outcomes Drawing on cutting edge research into Midnight Football in Sweden and exploring other community sport programmes including Midnight Basketball in the United States this book shines new light on broader social transformations regarding urban segregation and social exclusion social policy and the governing of welfare and social policy This book also offers new perspectives on how sport and the lives of young people intersect with and shape broader shifts in welfare and social policy in Western states shifts that are manifested in increased inequality social polarization and profound changes in urban geographies This is fascinating reading for anybody with an interest in the relationships between sport and wider society or in sport development sport policy social policy public policy or youth and social work **Choice**, 2007 **Everett Dirksen**

and His Presidents Byron C. Hulse, 2000 He was as recognizable by his mellifluous voice as by his rumpled appearance Everett McKinley Dirksen was one of the most colorful American politicians of the twentieth century and was considered by some the most powerful man in Congress Now Byron Hulse takes a new look at the senator from Illinois to show how his interactions with the White House made him a pivotal figure in American politics during the Cold War era Hulse traces Dirksen's relationships with four presidents to show how the senator shifted from being a major Republican critic of Truman to an ardent Republican supporter of LBJ Dirksen learned suprapartisan politics from Eisenhower and became Ike's most trusted confidant on Capitol Hill then as Senate Minority Leader he played a key role in furthering the ambitious goals of the Johnson administration Hulse analyzes the reasons for Dirksen's dramatic policy reversals telling how the senator who in 1950 warned of the dangers of a leviathan executive came to embrace the power of the presidential office to provide for the social welfare contain the spread of communism and guarantee civil rights Drawing on primary sources at the Johnson

presidential library and the Dirksen Congressional Center Hulsey shows how the senator combined legislative craftsmanship with the ability to get bills passed He links Dirksen to the issues and events that shaped the 1950s and 1960s and tells how the Johnson Dirksen coalition moved domestic policy forward through civil rights legislation but ran aground on the insurmountable problem of Vietnam Hulsey also uses Dirksen's career to explore change continuity and conflict in the Republican Party over two decades He explains how the GOP evolved through internal political and ideological tensions from the Taft Eisenhower contest through the McCarthy era to the beginning of Nixon administration revealing Dirksen's role in that process By the time of Dirksen's death in 1969 the Vietnam War the explosion of urban riots and President Nixon's preference for the politics of resentment put an end to the suprapartisan spirit Hulsey's book recreates a Washington milieu the likes of which may never be seen again offering a lens for viewing postwar American politics while painting the definitive political portrait of one of our most remarkable leaders *Journal of Economic Literature*, 2003 *Internationale*
