Society I Live In Is Mine:

Mining and Social Change (Routledge Revivals) Martin Bulmer, 2015-06-11 The strong community ties of mining villages are the central concern of this book which deals with the social history and sociology of mining in County Durham in the twentieth century Focusing on the country as a whole this title first published in 1978 asks what is most distinctive about the area in the past and how it is changing in the present The personal documents presented in the first chapters of the book bring to life the local mining community with an evocative picture of village life at the turn of the century These first hand accounts are integrated with the results of social research carried out at Durham University over a number of years *Mining and Social Change* will be of interest to students of history and sociology

Corporate Social Responsibility in the Mining Industries Natalia Yakovleva, 2017-05-15 Based on the concept of corporate social responsibility this book analyses modern approaches adopted by mining companies that could minimise negative impacts of mining and enhance positive benefits to corporate stakeholders Using a case study of two mining sectors gold and diamond mining the book evaluates policies and practices of mining companies within four key areas of corporate social responsibility environmental protection health and safety employee relations and community development Also included is an assessment of three models for community development that are developed within the mining industries company led approach establishment of corporate foundation and tri sector partnership The study analyses management of corporate social responsibility issues with specific reference to mining in the Russian Federation and provides a comparison with global mining companies

Post, Mine, Repeat Helen Kennedy, 2016-05-14 In this book Helen Kennedy argues that as social media data mining becomes more and more ordinary as we post mine and repeat new data relations emerge These new data relations are characterised by a widespread desire for numbers and the troubling consequences of this desire and also by the possibility of doing good with data and resisting data power by new and old concerns and by instability and contradiction Drawing on action research with public sector organisations interviews with commercial social insights companies and their clients focus groups with social media users and other research Kennedy provides a fascinating and detailed account of living with social media data mining inside the organisations that make up the fabric of everyday life

Mining and Social Transformation in Africa Deborah Fahy Bryceson, Eleanor Fisher, Jesper Bosse Jønsson, Rosemarie Mwaipopo, 2013-10-15 After more than three decades of economic malaise many African countries are experiencing an upsurge in their economic fortunes linked to the booming international market for minerals Spurred by the shrinking viability of peasant agriculture rural dwellers have been engaged in a massive search for alternative livelihoods one of the most lucrative being artisanal mining While an expanding literature has documented the economic expansion of artisanal mining this book is the first to probe its societal impact demonstrating that artisanal mining has the potential to be far more democratic and emancipating than preceding modes Delineating the paradoxes of artisanal miners working alongside the expansion of large scale mining investment in Africa *Mining and Social*

Transformation in Africa concentrates on the Tanzanian experience Written by authors with fresh research insights focus is placed on how artisanal mining is configured in relation to local regional and national mining investments and social class differentiation The work lives and associated lifestyles of miners and residents of mining settlements are brought to the fore asking where this historical interlude is taking them and their communities in the future The question of value transfers out of the artisanal mining sector value capture by elites and changing configurations of gender age and class differentiation all arise
