Tc Hammond:

Arius on Carillon Avenue Peter Carnley, 2023-11-09 In this book and its companion volume *The Subordinate Substitute* Peter Carnley unpicks logical knots and entanglements of argument found today in contemporary expressions of belief in the eternal functional submissiveness of the Son to the Father Trinitarian subordinationism and complementarianism is characteristically found along with associated conservative evangelical beliefs in the subordination of women to men and the theology of redemption known as the penal substitutionary theory of the atonement This theological package is energetically promoted amongst conservative evangelical Christians most notably members of the Southern Baptist Church and Presbyterians of the Westminster Tradition in the United States and Britain and very significantly amongst conservatively minded Anglicans of the Diocese of Sydney and elsewhere across Australia All the while the argument of this book is driven by the question of whether this popular phenomenon of contemporary evangelical Christianity is fairly and legitimately categorized as a modern form of the ancient heresy of Arianism

The Ecclesiology of Donald Robinson and D.

Broughton Knox Chase R. Kuhn, 2017-04-18 For the past forty years the Knox Robinson Ecclesiology has been the predominant ecclesiological model in the Sydney Diocese of the Anglican Church of Australia one that emerged out of a series of theological contributions over two decades The impact of this ecclesiology can be seen today across four continents Australia Europe North America Africa Though pervasive in influence there has to date been no extended systematic articulation of this ecclesiology nor a serious and sustained appraisal of it Here the ecclesiologies of Donald W B Robinson Vice Principal of Moore College 1959 1973 Archbishop of Sydney 1983 1992 and D Broughton Knox Principal of Moore College 1959 1985 are presented systematically then analyzed and evaluated Here finally is a thorough theological engagement with their provocative doctrine of the church

The Priesthood of All Students Timothée Joset, 2023-06-30

Drawing on archival records and firsthand accounts this work explores the history theology and missiology of the International Fellowship of Evangelical Students IFES It examines how IFES's commitment to immediacy mediation and participation are grounded upon a firm belief in the priesthood of all believers and a missional ecclesiology that presupposes God's involvement in all aspects of life including the university It traces the impact of diverse cultures and theologies upon the manifold expressions of mission IFES has engaged and the role of IFES in extending the presence of God's people in places and among ideologies where traditional church structures have limited access This book is a powerful reminder of the transformative impact created when believers whether students or otherwise participate in the *missio Dei* as faithful and creative witnesses in their own contexts Bearing relevance for all those interested in a Christian perspective on the university or the theological reverberations of student ministry it also offers a robust theological framework for understanding the legitimacy of parachurch organizations and lay ministry
