Clairvoyance A. E. Abbott,1963 *Clairvoyance and Consciousness* T. H. Meyer,2012 The Tao is something that was considered a distant goal of the world and humanity the highest element that human beings carried as a seed within them and that would one day develop into a fully opened blossom from the innermost depths of human nature Rudolf Steiner The recent explosion of spiritual teachings has offered countless paths to clairvoyant and metaphysical states of consciousness This spiritual renaissance including a renewed interest in Taoism can be seen as a reflection of the modern individual s need to become aware of spiritual modes of perception and knowing However Meyer insists that many of these teachings lead to an ancient form of hazy indistinct clairvoyance in direct opposition to clear rational but spiritualized thinking Between Goethe s Taoism and Fritjof Capra s Tao of Physics Meyer guides the reader to the most modern form of Taoism which is inherent in Rudolf Steiner s work particularly his Philosophy of Spiritual Activity Intuitive Thinking as a Spiritual Path Meyer traces the evolution of human consciousness from the dreamy clairvoyance of ancient Atlantis to the modern ability for clear abstract thinking and to humanity s newly unfolding clairvoyant faculties **Clairvoyance and Thought-transference**

**Lectures by Rudolf Steiner** Rudolf Steiner,2006 **The Cycle of the Year as a Path of Initiation** Sergei O. Prokofieff,2014-03-12 In ancient times humanity possessed an innate knowledge of the spiritual foundations of existence Such knowledge could be acquired through inwardly accompanying the cycle of the year and its connected great seasonal festivals But this instinctive knowledge had to be lost in order for human beings to discover individual freedom In our time as Sergei O Prokofieff demonstrates in this comprehensive work this knowledge must be found anew through the free light filled

consciousness of the fully developed human personality Tracing the spiritual path of the yearly cycle Prokofieff penetrates to the deeper esoteric realities of the seven Christian festivals of Michaelmas Christmas Epiphany Easter Ascension Whitsun and St John s Tide Basing his research on the work of the twentieth century initiate Rudolf Steiner he reveals how these festivals are spiritual facts that exist independently of religious traditions and cultural customs Working with the festivals in an esoteric sense can provide a true path of initiation ultimately enabling an experience of the Being of the Earth Christ The journey of study through this book can thus lead the reader to an experience of the modern Christian Rosicrucian path along which it is possible to take the first steps towards life in partnership with the course of cosmic existence **Clairvoyance**

Jesse Charles Fremont Grumbine,1911 *Discourses through the mediumship of mrs. Cora L.V. Tappan. The new science. Spiritual ethics* Cora Linn V. Richmond,1875 *The Homiletic Review*,1887 *The Mission of Folk Souls* Rudolf

Steiner,2022-11-15 11 lectures Oslo June 7 17 1910 CW 121 It is particularly important especially at the present time to speak about the mission of the individual folk souls because the destiny of humanity in the near future will bring people together in far greater measure than has hitherto been the case in order to fulfil a mission common to the whole of humanity But the members of the individual peoples will only be able to offer their proper free and positive contributions if they have above all else an understanding of their own native origin an understanding of what we might call the self knowledge of their people their folk Rudolf Steiner In the mythologies of all ancient cultures humanity is portrayed as intimately interwoven with the activity of lesser and greater gods spirits devas and elemental beings as members of the grand symphony of creation Who are these gods pictured so vividly in various myths and legends And how are they connected with the mission of humanity as a whole and the diverse peoples of the Earth In his preface to this lecture course Steiner argues that a true basis for a psychology of peoples cannot be given by the anthropological ethnographical or even historical studies of conventional science but requires a basis in spiritual reality It is precisely this spiritual reality the creative activity of the beings of the hierarchies in connection with the destiny of humanity that forms the heart of these lectures and of Steiner s view of folk psychology more broadly These lectures form Rudolf Steiner s most comprehensive and profound account of the mission of folk souls The Mission of Folk Souls is a translation of *Die Mission einzelner Volksseelen im Zusammenhange mit der germanisch nordischen Mythologie* 6th rev ed Rudolf Steiner Verlag Basel 2017 GA 121 **Borderland**,1893 **Day**
