Japan's Road to the Pacific War James William Morley,1995-01-05 Japan s Road to the Pacific War

Japan's Economic Planning and Mobilization in Wartime, 1930s-1940s Yoshiro Miwa,2015-01-22 Although most economists maintain a mistrust of a government s goals when it intervenes in an economy many continue to trust its actual ability They retain in other words a faith in state competence For this faith they adduce no evidence Sharing little skepticism about the government s ability they continue to expect the best of governmental intervention To study government competence in World War II Japan offers an intriguing laboratory In this book Yoshiro Miwa shows that the Japanese government did not conduct requisite planning for the war by any means It made its choices on an ad hoc basis and the war itself quickly became a dead end That the government planned for the war incompetently casts doubts on the accounts of Japanese government leadership more generally

Japan's Modern Myths Carol Gluck,2021-07-13 Ideology played a momentous role in modern Japanese history Not only did the elite of imperial Japan 1890 1945 work hard to influence the people to yield as the grasses before the wind but historians of modern Japan later identified these efforts as one of the underlying pathologies of World War II Available for the first time in paperback this study examines how this ideology evolved Carol Gluck argues that the process of formulating and communicating new national values was less consistent than is usually supposed By immersing the reader in the talk and thought of the late Meiji period Professor Gluck recreates the diversity of ideological discourse experienced by Japanese of the time The result is a new interpretation of the views of politics and the nation in imperial Japan
