Tale Of Don Lorignal

Antonine Maillet

Tale Of Don Lorigal:

The Tale of Don L'Original Antonine Maillet, 2004 Winner of the 1979 Governor General's Award for fiction Antonine Maillet's virtuoso creation The Tale of Don L'Original is now back in print Maillet's tale begins one day not so very long ago but back in the youth of the world when a hay covered island materialized off shore an island populated by fleas who soon took human form The leader of this uncouth crew of have nots Don l'Original wore a moose antler crown as his badge of office At his right hand were his brave lieutenants his son Noume and his general Michel Archange The general's wife the doughty charwoman spy and rabble rouser La Sagouine had one finger in every pie and one raised to her neighbour La Sainte The Flea Islanders were constantly at odds with the almost as clever but far more civilized upper crust of the mainland village the mayoress the schoolteacher the merchant the banker When they invaded and tried to steal a keg of molasses the outcome of the mock heroic battle was unclear except that La Sainte's son the hapless young Citrouille and Adeline the merchant's lovely daughter had fallen in love With the insider's accumulation of oral history gossip and shrewd hindsight Antonine Maillet has conjured up a fictional Acadia that her ancestors would relish Perhaps those who could read it would have even understood it she wrote Don l'Original in a version of 16th century domestic French that she adapted for modern readers In this far fetched but always entertaining fable Maillet holds up a mirror to Acadian history and to an all too fallible human nature

Agencies in Feminist Translator Studies Elena Castellano-Ortolà, 2024-04-16 This book sets out a new framework for a feminist history of translators drawing on the legacy of Canadian scholar Barbara Godard and her work in establishing the Canadian literary landscape as a means of exploring agency in feminist translation studies and its implications for cross disciplinary debates The volume is organised in three sections establishing feminist translator studies as its own approach examining these dynamics at work in a comprehensive portrait of Barbara Godard's scholarly and literary history and looking ahead to future directions In situating the discussion on Godard and Canadian literary history Elena Castellano calls attention to a geographic context in which translation and its practice has been at the heart of debates around national identity and intersected with the rise of feminism and feminist literary scholarship The book demonstrates how an in depth exploration of the agency of an individual stakeholder whose activities spanned diverse communities and oft conflicting interests can engage in key questions at the intersection of nation making translation and feminism paving the way for future research and the further development of feminist translator studies as methodological framework This book will be of interest to scholars in translation studies feminist literature cultural history and Canadian literature National Literature in Multinational States Albert Braz, Paul D.
