**Stephen Padgett, Thomas Poguntke**

## **Germany Since 1945:**

*Germany since 1945* Pól Ó Dochartaigh, 2019-10-10 Since its crushing military defeat in 1945 Germany has faced occupation and division economic success amidst Cold War bitterness the rise and spectacular fall of the Berlin Wall and now more than a decade as a country united for only the second time in its history It has become a slumbering economic superpower at the heart of the drive towards European unity while divisions between east and west remain among its own people *Germany since 1945* Offers a comprehensive introduction to every stage in Germany's political social and economic development from 1945 right up to the present day Examines in depth both German states their differences and their similarities as well as the period of occupation 1945-49 and the year of unification 1989-90 Concludes with the first short survey in English of more than a decade of post unification Germany covering the period right up to the Iraq crisis in spring 2003

**Germany Since 1945** Peter C. Caldwell, Karrin Hanshew, 2018-08-09 Peter C Caldwell and Karrin Hanshew's *Germany Since 1945* traces the social political and cultural history of Germany from the end of the Second World War right up to the present day The book provides a narrative that not only explores the histories of East and West Germany in their international contexts but one that also takes the significantly different world of the Berlin Republic seriously analyzing it as a distinct and significant period of German history in its own right Split into three parts roughly devoted to a quarter century each this book guides students through contemporary Germany from the catastrophe of war genocide and the country's division to the very different challenges facing the reunified Germany of the 21st century There are key primary source excerpts integrated throughout the text as well as 32 images numerous maps charts and tables and a detailed bibliography to further aid study The book is complemented by online resources which include sample syllabi and a pedagogical supplement *Germany Since 1945* underscores both the particularities of German history and the international trends and transactions that shaped it giving good coverage to key aspects of post 1945 German society and politics including East and West German paths to reconstruction The development of consumer society and the welfare state The politics of memory and coming to terms with the Nazi past The Cold War New social and political movements that opposed the postwar status Immigration and the move toward a multicultural society This is an essential text for any student of contemporary German history

*Germany since 1789* David G. Williamson, 2015-12-17 This essential text provides a clear and engaging introduction to the history of modern Germany The updated and expanded new edition now takes the story back to 1789 and brings it right up to the present day adopting a controversy led approach throughout Visual evidence maps documents and key event boxes support the text and aid learning

*Longman Companion to Germany Since 1945* Adrian Webb, 2014-09-09 This new Companion provides a wealth of information on the history of Germany since the Second World War including much material which is not readily available Throughout equal attention is devoted to East and West Germany and covers political social cultural and economic developments The author provides information on for example political parties and office holders

living standards crime and the environment Germany's relationship with the European Union and East Germany up to 1990 Attention is also devoted to topical issues such as opposition and dissent in the East terrorism neo nazism and racial violence An essential reference book for anyone studying or teaching postwar Germany in history or politics departments Coming of Age Helga Haftendorn, 2006-03-30 Covering German foreign policy since the end of World War II this book explores Germany's recovery from wartime defeat and destruction Through a chronological series of case studies it offers a document based account of 60 years of German policymaking *Germany Since 1945* Lothar Kettenacker, 1997 Defeat and unconditional surrender these were the foundations on which post war Germany was built The overall impact however was not apathy but a mentality which was down to earth pragmatic and forward looking Democracy economic liberalism and European integration were the signposts to the future Even though the old ruling elite with their power base in the agrarian East had been swept away by the end of the war the social and industrial fabric of Germany society did not crumble altogether Crucial structures survived and contributed to West Germany's phenomenal recovery while the East was forced to submit to a ruthless Soviet leadership Now however following the collapse of the Berlin Wall the aftermath of German reunification will be long and painful for never have two economies and societies been fused together which had grown as far apart as West and East Germany Lothar Kettenacker's book offers a fascinating survey of the fortunes and features of East and West Germany how the two states drifted apart the differences between their economies politics and cultures and the problems and events surrounding their unification **Memorialization in Germany since 1945** B. Niven, C.

Paver, 2009-12-18 *Difficult Pasts* provides a wide ranging discussion of contemporary Germany's rich memorial landscape It discusses the many memorials to German losses during the Second World War to the victims of National Socialism and to those of GDR socialism With up to date coverage of many less well known memorials as well as the most publicised ones

**The Routledge Companion to Modern European History since 1763** Chris Cook, John Stevenson, 2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history **The History of Modern Germany Since 1945** Bruce

Walabbi, 2019-08-18 the history of modern Germany since 1945      Reinventing Germany Anthony Glees, 1996-08 In this stimulating book a leading expert on German affairs provides an overview of German political development since 1945 The key to the well being and prosperity of Europe after 1945 was the creation of a stable and democratic West Germany Unification in 1990 not only transformed Germany's role in Europe and the world but brought new political social and economic problems caused by the vast expense of unity and high labour costs The author argues that these great changes provide a new and daunting challenge to the Bonn system by calling into question the Berlin Republic's ability to meet the needs of the German nation The difficulties resulting from Germany's commitment to European integration are also addressed Within Europe German insistence on deeper integration is often seen as evidence of a German wish to dominate Europe even though the stated aim of Kohl's government is to prevent this from happening The author believes that Germany's new power is clearly visible and must be carefully managed if future conflict is to be avoided      **Continuity and Change in German Politics** Stephen Padgett, Thomas Poguntke, 2002 Over three decades Gordon Smith has written authoritatively and with style on almost every aspect of German politics In this volume leading UK and German scholars use themes from his work in an examination of the evolution of German policy in the face of socio economic change globalisation European integration and the domestic upheaval of unification      *The Routledge Companion to World History since 1914* Chris Cook, John Stevenson, 2006-01-27 The Routledge Companion to World History since 1914 is an outstanding compendium of facts and figures on World History Fully up to date reliable and clear this volume is the indispensable source of information on a thorough range of topics such as the Arab Israeli conflict anti semitism and the Holocaust all the world's major famines and natural disasters since 1914 whether all countries of the world have a king president prime minister or other governance GNP of the world's major states year by year biographies of key figures civil rights movements the Vietnam War the rise of terrorism globalization Thematically presented the book covers topics relevant from the First World War to the Iraq war of 2003 and from post colonial Africa to conflicts and movements in Southeast Asia With maps chronologies and full bibliography this user friendly reference work is the essential companion for students of history politics and international relations and for all those with an interest in world history      **Deutschland seit 1945** Dieter Klar, Goethe-Institut (Monachium), 1997      **British Exploitation of German Science and Technology, 1943-1949** Charlie Hall, 2019-01-16 At the end of the Second World War Germany lay at the mercy of its occupiers all of whom launched programmes of scientific and technological exploitation Each occupying nation sought to bolster their own armatures and industries with the spoils of war and Britain was no exception Shrouded in secrecy yet directed at the top levels of government and driven by ingenuity from across the civil service and armed forces Britain made exploitation a key priority By examining factories and laboratories confiscating prototypes and blueprints and interrogating and even recruiting German experts Britain sought to utilise the innovations of the last war to prepare for the next This ground breaking book tells the full story of British

exploitation for the first time sheds new light on the legacies of the Second World War and contributes to histories of intelligence science warfare and power in the midst of the twentieth century *Legacies of Stalingrad* Christina Morina, 2014-05-14 Christina Morina's book examines the history of the Eastern Front war and its impact on German politics and society throughout the postwar period. She argues that the memory of the Eastern Front war was one of the most crucial and contested themes in each part of the divided Germany. Although the Holocaust gained the most prominent position in West German memory, official memory in East Germany centered on the war against the USSR. The book analyzes the ways in which these memories emerged in postwar German political culture during and after the Cold War and how views of these events played a role in contemporary political debates. The analysis pays close attention to the biographies of the protagonists both during the war and after, drawing distinctions between the accepted public memory of events and individual encounters with the war. *A Subject Index to Current Literature* Australian Public Affairs Information Service, **Losing Heaven** Thomas Großbölting, 2016-10-01 As the birthplace of the Reformation, Germany has been the site of some of the most significant moments in the history of European Christianity. Today, however, its religious landscape is one that would scarcely be recognizable to earlier generations. This groundbreaking survey of German postwar religious life depicts a profoundly changed society: congregations shrink, private piety is on the wane, and public life has almost entirely shed its Christian character. Yet there remains a booming market for syncretistic and individualistic forms of popular religion. *Losing Heaven* insightfully recounts these dramatic shifts and explains their consequences for German religious communities and the polity as a whole. **The Longman Companion to Germany Since 1945** Adrian Webb, 1998 This essential reference tool for teachers and students provides a wealth of information on the history of Germany since the Second World War, including much material which is not readily available. **Germany 1945** Richard Bessel, 2012-09-27 In 1945, Germany experienced the greatest outburst of deadly violence that the world has ever seen. *Germany 1945* examines the country's emergence from the most terrible catastrophe in modern history. When the Second World War ended, millions had been murdered, survivors had lost their families, cities and towns had been reduced to rubble and were littered with corpses. Yet people lived on and began rebuilding their lives in the most inauspicious of circumstances. Bombing, military casualties, territorial loss, economic collapse, and the processes of denazification gave Germans a deep sense of their own victimhood, which would become central to how they emerged from the trauma of total defeat, turned their backs on the Third Reich and its crimes, and focused on a transition to relative peace. Germany's return to humanity and prosperity is the hinge on which Europe's twentieth century turned. For years, we have concentrated on how Europe slid into tyranny, violence, war, and genocide; this book describes how humanity began to get back out. *Our History - Germany Since 1945* Petra Rösgen, 2020

Thank you unconditionally much for downloading **Germany Since 1945**. Maybe you have knowledge that, people have seen numerous period for their favorite books in imitation of this Germany Since 1945, but stop in the works in harmful downloads.
