The Understanding of Adultery in the Hebrew Bible Alexander Izuchukwu Abasili, 2016-06-09 Adultery though not an umbrella concept for all the sexual prohibitions in the Hebrew Bible enjoys a certain pride of place. Remarkably it is the one sexual prohibition attested in all biblical genres which makes it very representative in the Hebrew Bible. It is the only Hebrew biblical sexual prohibition explicitly mentioned in the Decalogue. A solid understanding of Hebrew biblical adultery therefore is an important step towards grasping the vital role of human sexuality in the Hebrew Bible both in terms of inter human relationships and the relationship between the human and the divine. Without prejudice to the contents of the Hebrew biblical lexicons and theological dictionaries this work aims at providing a comprehensive understanding of adultery in the Hebrew Bible its meaning, punishments and the implications thereof. Among others it corrects some wrong assumptions about the concept of adultery in the Hebrew Bible and provides a balanced and unbiased Hebrew biblical conception of adultery and the implications thereof for todays couples

Telling God's Stories with Power Paul F. Koehler, 2010-06-01 Biblical Storytelling in Oral Cultures This is a complete and practical introduction to storytelling especially for people who want to learn about using biblical storytelling in cross cultural contexts and who want to train others to become storytellers. It includes many fascinating accounts of the responses of tribal people to the first proclamation of the gospel through storytelling. The result of years of research and field testing *Telling God's Stories with Power* is a product of the author's own journey as he confronted the challenges of teaching the Bible in parts of the world where people are unaccustomed to a Western style of learning. Full of innovative and groundbreaking insights this study is packed with ideas, explanations and constructive suggestions stated in clear and simple language. Throughout the book there are extensive examples from the storytellers own experiences. Tracing the movement of the biblical stories across multiple generations of tellers and listeners storytelling is found to be superior for knowledge transfer and for bypassing resistance to the gospel in oral contexts thus presenting clear evidence of the effectiveness of biblical narrative among oral learners
