Strangers At Our Gates Canadian Immigration And Immigration Policy:

Canadian Migration Patterns from Britain and North America Barbara Jane Messamore,2004 This collection of essays represents a selection of the papers presented at the 1998 Migration conference at the Centre of Canadian Studies at the University of Edinburgh Acknowledgements *Immigration, Racial and Ethnic Studies in 150 Years of Canada* ,2019-01-21 Canada s history since its birth as a nation one hundred and fifty years ago is one of immigration nation building and contested racial and ethnic relations In Immigration Racial and Ethnic Studies in 150 Years of Canada Retrospects and Prospects scholars provide a wide ranging overview of this history with a core theme being one of enduring racial and ethnic conflict and inequality The volume is organized around four themes where in each theme selected racial and ethnic issues are examined critically Part 1 focuses on the history of Canadian immigration and nation building while Part 2 looks at situating contemporary Canada in terms of the debates in the literature on ethnicity and race Part 3 revisits specific racial and ethnic studies in Canada and finally in Part 4 a state of the art is provided on immigration and racial and ethnic studies while providing prospects for the future Contributors are Victor Armony David Este Augie Fleras Peter R Grant Shibao Guo Abdolmohammad Kazemipur Anne Marie Livingstone Adina Madularea Ayesha Mian Akram Nilum Panesar Yolande Pottie Sherman Paul Pritchard Howard Ramos Daniel W Robertson Vic Satzewich Morton Weinfeld Rima Wilkes Lori Wilkinson Elke Winter Nelson Wiseman Lloyd Wong and Henry Yu *A Foucault for the 21st Century* Sam Binkley,Jorge Capetillo-Ponce,2009-01-23 How relevant is Foucault s social thought to the world we inhabit today This collection comprises several essays considering the contemporary relevance of the work of Michel Foucault While Foucault is best remembered for his historical inquiries into the origins of disciplinary society in a period extending from the 16th to the 19th centuries it seems that today under the conditions of global modernity the relevance of his ideas are called into question With the increasing ubiquity of markets the break up of centralized states and the dissolution of national boundaries together with new scientific and political discourses on biological life the world of today seems far removed from the bounded disciplinary societies Foucault described in his most famous books Yet in recent years it has become apparent that Foucault s thoughts on modern society have not been exhausted and indeed that much remains to be explored Within this volume novel interpretations and thematic developments of key Foucauldian concepts are presented in the works of 24 authors Prominent among them are new forms of neoliberal economic conduct framed by distinct governmentalities new critical concepts of biological life reflected in Foucault s analysis of biopower and new theoretical treatments of the effects of subjectivation Moreover included among these theoretical departures are empirical studies of contemporary formations of religion and spiritual practice consumerism race and racism the discourse of genetics and the life sciences surveillance and incarceration and new social movements Drawn from a conference held at the University of Massachusetts Boston bearing the same title A Foucault for the 21st Century Governmentality Biopolitics and Discipline in the New Millennium both expands our

understanding of Foucault's central theoretical legacy and applies his ideas to a range of contemporary empirical phenomena

Canadian Immigration and Immigration Policy, 1540-2006 Revised Edition, 2007 Immigrants and immigration have always been central to Canadians' perception of themselves as a country and as a society. In this crisply written history Valerie Knowles describes the different kinds of immigrants who have settled in Canada and the immigration policies that have helped to define the character of Canadian immigrants over the centuries. Key policymakers and moulders of public opinion figure prominently in this colourful story as does the role played by racism. This new and revised edition contains additional material on immigration to Newfoundland and Nova Scotia, sections on the evacuee children of the Second World War and Canadian War Brides and material relating to significant developments in the immigration and refugee field since 1996. Special attention is paid to the Immigration and Refugee Protection Act of 2001. *Empire, migration and identity in the British World* Kent Fedorowich, Andrew S. Thompson, 2015-11-01 The essays in this volume have been written by leading experts in their respective fields and bring together established scholars with a new generation of migration and transnational historians. Their work weaves together the new imperial and the new migration histories and is essential reading for scholars and students interested in the interplay of migration within and between the local, regional, imperial and transnational arenas. Furthermore, these essays set an important analytical benchmark for more integrated and comparative analyses of the range of migratory processes, free and coerced, which together impacted on the dynamics of power forms of cultural circulation and making of ethnicities across a British imperial world. **Strangers at Our Gates** Valerie

Frideres, Meyer Burstein, John Biles, 2008

The two-way street of integration requires commitment from both government institutions and individuals. This book looks at the social, cultural, economic and political integration of new-comers and minorities and establishes measures for assessing the success of integration practices. It presents overviews of issues related to integration. **Immigration in Canada** Gerald J. J. Tulchinsky, Gerald Tulchinsky, 1994 Chapters on emigrants from France before 1760, Loyalists, Scots, Irish, Montreal, Jews, Prairie, Ukrainians, Winnipeg, British, Chinese, Italians, Mennonites and secrets of Canadian immigration policy.

Canada and the United States David Martin Thomas, 2000 Deeply substantive, thoughtful, up-to-date and lively. For anyone wanting to understand the differences and similarities between these two countries and the reasons behind them, this is the place to start. Kent Weaver, Senior Fellow in Governance Studies, The Brookings Institution. **Working and Mothering in Asia** Theresa W. Devasahayam, Brenda S. A. Yeoh, 2007 Many women in Asia engage in full-time work and continue to shoulder home and

familial responsibilities in accordance to social and cultural norms As larger structural economic historical and social forces impinge upon the way women negotiate roles as mother and worker in everyday life the definition of motherhood in Asia as in other parts of the world is highly nuanced and variegated The model of the male as breadwinner a feature of middle and upper class households has undergone tremendous change in recent time Increasingly women particularly those who are better educated have entered the job market owing to rising costs of living and a desire to work This book examines how Asian women negotiate contest and reconfigure motherhood in a region characterised by different cultures societies ethnic religious and class groupings This book reveals recurrent themes on patriarchy labour and relationship strategies of accommodation conflict and emotion management the role of fathers socio cultural definitions of good mothering and the political meanings of maternity and family and last but not least it provides an important counterpoint to studies based on white middle class North Americans which is the focus of much of the earlier research on this subject **Black Canadians** Joseph Mensah,2002 The ongoing struggle against racism and discrimination for black Canadians is explored in this authoritative reference for those seeking to learn more about the black diaspora in North America This work examines more than 300 years of black Canadian history from the first migration of slaves black loyalists and Civil War refugees to the expansive movement brought about by the establishment of the point system in 1967 Venturing beyond established orthodoxies and simplistic solutions to discuss the contentious ethno racial problems in Canada this pointed critique addresses the geography of the settlements and the labor market sports management race and ethnic relations and employment equity vis vis the black experience **Ethnicity and Culture in Canada** John W. Berry,J. A. Laponce,1994 Ethnicity write J W Berry and J A Laponce in their introduction to this volume is likely to be to the twenty first century what class was to the twentieth that is a major source of tension and political conflict However ethnicity is also increasingly likely to be a source of inspiration and diversification within society Because of the rapidly developing importance of ethnicity and culture in Canada the Social Sciences and Humanities Research Council and the Ministry of Multiculturalism and Citizenship undertook in 1991 a project to review research on the subject This volume in nineteen chapters is the record of the findings Papers cover such topics as demography political philosophy history anthropology sociology media studies literature language learning education and ethnic and multicultural attitudes Looking back to the Commission on Bilingualism and Biculturalism mandated in 1963 the editors point out that the terminology has changed radically and that the evolution from biculturalism to multiculturalism has clarified not only the political agenda but the research agenda as well An insistent theme recurs throughout this volume multiculturalism is taken increasingly as being a characteristic of Canadian society as a whole rather than a concept focused exclusively on new Canadians While the Canadian population has always been ethnically diverse only recently has the diversity been systematically analysed Ethnic and multicultural studies are remarkably well developed in Canada the editors conclude However they point out one shortcoming more apparent in some fields than others

we often know quite well how the dominant group views a minority but we often lack knowledge of the reverse attitudes and opinions Berry and Laponce recommend that we replace one way mirrors with windows preferably open windows BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Peoples of Canada** J.
