Wivanee, 2022-10-31 Although this is a novel it is full of true life experiences that we all encounter at times the break up of a marriage and the anger and heartache it brings to all who are involved our children being bullied at school and the pain surrounding that the feeling of failure lack of confidence in ourselves and the torture of following the procedures when someone dies let alone dealing with our emotions This book offers a possible way to look back at these experiences and view them from a totally different perspective a more healthy and accepting one and not full of guilt for not being good enough We are all good enough and we do the best we can with the resources we have at the time we can do no better Scattered throughout there are references to books song lyrics and poetry that give a positive aspect to changing our whole view of our lives and seeing it all as a true learning experience to accept and welcome even though some of our experiences may have been horrendous at the time there is still a way to gain from them in retrospect
