Story Starters and Science Notebooking Sandy Buczynski, Kristin Fontichiaro, 2009-05-19 Story Starters and Science Notebooking Developing Student Thinking Through Literacy and Inquiry is designed to provide a meaningful comfortable framework in which teachers and parents can encourage elementary children to explore scientific ideas in an inquiry oriented format The basis for each scientific concept presented in Story Starters and Science Notebooking is embedded in a story appropriate for elementary aged children The activity that follows each narrative encourages learners to observe compare gather data organize or classify and draw conclusions about the problem posed from the story Because current scientific knowledge and understanding guide scientific investigations background information in each chapter provides teachers with a synopsis of the scientific concept involved in the activity for that story The story starters present a framework for inquiry which eliminates the free wheeling uncontrolled and unstructured view some teachers have of inquiry These are either original stories or familiar children s stories that ask learners to investigate a possible scientific explanation

for a problem or scenario Learners then communicate their findings in an oral written pictorial or technological form back to a lead character from the story Extension activities provide an opportunity for learners to compare their answers with what scientists already know about the world and also motivate them to frame new questions Grades 3 6 **Story Starters For The Imagination** Hannah E England,2019-07-08 EXCITING SUSPENSEFUL THOUGHTFUL THRILLING PROVOKING TOUCHING VOLUME 2 Story Starters For The Imagination is a collection of one sentence story starters which will spark the creativity in the young and old aspiring and seasoned writers alike They will feed the imagination for you to do some awesome creative writing Each story starter can be used in several different genres and they can be used over and over to create many different stories You can even use them as plot ideas for your short story or novel Sixty 60 story starters are included to supply you with writing prompts for 3 months If you only do one 1 starter a week you have more than a school year s worth of writing prompts which is especially useful for classroom or homeschool use This creative writing journal is perfect for the reluctant or struggling writer as well as the storyteller For ages 8 to 80 FEATURES AND USES OF THIS JOURNAL Sample Sentences The night sky shone as millions of stars twinkled gently reminding Kylie she was not alone All I want is a loaf of bread is that so hard the peasant woman demanded Eliza turned and saw a pair of fierce unblinking eyes studying her frame Today is a day for blood Eron cried as someone tossed him a spear 8 5 X 11 College ruled with 2 lined pages front and back for each story starter Premium Designed Matte cover absorbs scratches and scuffs Great Christmas or Birthday gift for young aspiring writers Consumable or Non Consumable Permission is granted to teachers and homeschool parents to photocopy pages for use with your own students or children Wide ruled line journal also available Buy this creative writing journal today and get ready for some awesome writing For the wide ruled edition and for other books and journals by Hannah E England click or tap on her name under the title From the author of Discovering Harold and Cheetah Rising
