That Was Then

Scott C. Dulebohn

That Was Then:

That Was Then Julia Amante, 2017-11-17 Dr Grace Montoya won a battle with cancer five years earlier but now she is sick again and while Grace thinks it's time to pass down lessons to her daughters before it's too late those who love her plan to save her Her colleagues have medical cures her mother has made a deal with God but it's her 17 year old daughter Jessica who devises the most unexpected medicine of all Jessica's life has been idyllic Yes her mother is a workaholic pediatrician who divorced her father when Jessica was a toddler And she's not close to her difficult older sister who resents both her parents and is away at college Still she's always felt adored by her familia Latina and happy with her community of friends So she has never needed to find the mysterious man her mother once loved enough to have a secret affair with when they created her Until she learns that her mother has cancer and may die Seeking her mother's first love meeting him and counting on this man from Grace's past to be there for them becomes Jessica's most important goal If love can heal anything maybe it can heal her mother Daniel Subia left his small town and high school sweetheart to follow his career dreams But getting a call from a daughter he didn't know he had brings him home to find everything changed The small town charm and acres of orange groves he grew up with have been swallowed by developers and abandoned by younger generations Yes everything has changed but the love he once had for Grace that's still burning as hot as ever In a town where nothing is as it used to be is it possible to go back to a time when life was simple and everything was possible
