## **The Fifth Script:**

**Five Screenplays** Preston Sturges, 1986 Five comic masterpieces by Preston Sturges who has been called Hollywood's greatest writer-director with emphasis on the former. The scripts are drawn from the great period between 1939 and 1944 which Andrew Sarris called one of the most brilliant and most bizarre bursts of creation in the history of cinema. Studies on Greek and Coptic Majuscule Scripts and Books Pasquale Orsini, 2018-11-19 The volume contains a critical review of data results and open problems concerning the principal Greek and Coptic majuscule bookhands based on previous research of the author revised and updated to offer an overview of the different graphic phenomena. Although the various chapters address the history of different types of scripts i.e. biblical majuscule sloping pointed majuscule liturgical majuscule epigraphic and monumental scripts their juxtaposition allows us to identify common issues of the comparative method of palaeography. From an overall critical assessment of these aspects the impossibility of applying a unique historical paradigm to interpret the formal expressions and the history of the different bookhands comes up due to the fact that each script follows different paths. Particular attention is also devoted to the use of Greek majuscules in the writing of ancient Christian books. A modern and critical awareness of palaeographic method may help to place the individual witnesses in the context of the main graphic trends in the social and cultural environments in which they developed and in a more accurate chronological framework.
