terrible accident took Essie's life and trapped her decaying soul in this world. Dax, the heir to Firgaard's throne, was responsible for the accident. Roa swore to hate him forever. But eight years later he came begging for her help, determined to dethrone his father under whose oppressive reign Roa's people suffered. Roa made Dax a deal: she'd give him the army he needed if he made her queen. Together they won the war. Then a chance arises to right every wrong, an opportunity for Roa to rid herself of this enemy king and rescue her beloved sister. During the Relinquishing, when the spirits of the dead are said to return, Roa discovers she can reclaim her sister for good. All she needs to do is kill the king.

Dream Cities Wade Graham, 2016-01-26 An excellent and novel exploration of key ideas behind city spaces and the behaviors they engender. Wall Street Journal. From the acclaimed landscape designer, historian, and author of *American Eden*, a lively, unique, and accessible cultural history of modern cities. *Dream Cities* explores our cities in a new way as expressions of ideas often conflicting about how we should live, work, play, make, buy, and believe. It tells the stories of the real architects and thinkers whose imagined cities became the blueprints for the world we live in. From the nineteenth century to today, what began as visionary concepts—sometimes utopian, sometimes outlandish—always controversial—were gradually adopted and constructed on a massive scale in cities around the world, from Dubai to Ulan Bator to London to Los Angeles. Wade Graham uses the lives of the pivotal dreamers behind these concepts, as well as their acolytes and antagonists, to deconstruct our urban landscapes: the houses, towers, civic centers, condominiums, shopping malls, boulevards, highways, and spaces in between, exposing the ideals and ideas embodied in each. From the baroque fantasy villages of Bertram Goodhue to the superblocks of Le Corbusier's Radiant City to the pseudo-agrarian dispersal of Frank Lloyd Wright's Broadacre City, our upscale leafy suburbs, downtown skyscraper districts, infotainment-driven shopping malls, and sustainable eco-developments are seen as never before. Elegantly designed and illustrated, *Dream Cities* is a field guide to our modern urban world. An intriguing architectural history. Kirkus Reviews. Enjoyable, well-researched, posing an interesting historic tie from the past to the present. Washington Post. Absolutely engrossing. Ross King, author of *Brunelleschi's Dome*.
