Sketches On The Long March:

Sketches on the Long March Zhen Huang, 2006 Words and Their Stories Ban Wang, 2010-10-05 As China joins the capitalist world economy the problems of social disintegration that gave rise to the earlier revolutionary social movements are becoming pressing Instead of viewing the Chinese Revolution as an academic study these essays suggest that the motifs of the Revolution are still alive and relevant The slogan Farewell to Revolution that obscures the revolutionary language is premature In spite of dislocations and ruptures in the revolutionary language to rethink this discourse is to revisit a history in terms of sedimented layers of linguistic meanings and political aspirations Earlier meanings of revolutionary words may persist or coexist with non revolutionary rivals Recovery of the vital uses of key revolutionary words proffers critical alternatives in which contemporary capitalist myths can be contested **Subversion and Surrealism in the Art of**

Honoré Sharrer M. Melissa Wolfe, Sarah Burns, Robert Cozzolino, Michael Lobel, Adam Desmond Zagorin, 2017-01-01 This book offers the first critical reassessment of an artist whose mature oeuvre constitutes a rich and often disquieting critique that is equal parts wit seduction and bite Honoree Sharrer 1920 2009 was a major figure in the years surrounding World War II though her commitment to leftist ideals and an alternate trajectory of surrealism put her at increasing odds with the political and artistic climate of the time **Video Games as Art** Frank G. Bosman, Archibald L.H.M. van

Wieringen, 2022-11-07 Video games are a relative late arrival on the cultural stage While the academic discipline of game studies has evolved quickly since the nineties of the last century the academia is only beginning to grasp the intellectual philosophical aesthetical and existential potency of the new medium The same applies to the question whether video games are or are not art in and on themselves Based on the Communication Oriented Analysis the authors assess the plausibility of games as art and define the domains associated with this question Drawing from Life Christine I. Ho, 2020-02-11 Drawing

from Life explores revolutionary drawing and sketching in the early People's Republic of China 1949 1965 in order to discover how artists created a national form of socialist realism Tracing the development of seminal works by the major painters Xu Beihong Wang Shikuo Li Keran Li Xiongcai Dong Xiwen and Fu Baoshi author Christine I Ho reconstructs how artists grappled with the representational politics of a nascent socialist art The divergent approaches styles and genres presented in this study reveal an art world that is both heterogeneous and cosmopolitan Through a history of artistic practices in pursuit of Maoist cultural ambitions to forge new registers of experience new structures of feeling and new aesthetic communities this original book argues that socialist Chinese art presents a critical alternative vision for global modernism The Art of Weaving, by Hand and Power Clinton G.
