Sky Watch:

Sky Watch Emma Hudelson, 2024-03-05 Horse shows used to draw crowds by the thousands to state fairs and venues such as Madison Square Garden. And in the 1980s no performance horse filled more arena seats than the American Saddlebred Sky Watch. He pushed the saddle seat industry to a peak that hasn't been seen since. An athlete through and through, the stallion dominated the sport with the same power and intensity as a Kentucky Derby winner. With unmatched talent, Sky Watch earned four World Grand Championships and twelve World titles overall, making his career one for the history books. Years after Sky Watch finished competing, videos of his legacy in the ring captured the heart of author and lifelong horsewoman Emma Hudelson. Her fascination with the unstoppable stallion sent her on a journey to discover how a horse becomes a legend, convinced that if she can capture the magic behind the greatest show horse of all time, maybe she can understand her own obsession with Saddlebreds. Sky Watch Chasing an American Saddlebred Story is not only the tale of a remarkable horse but of the American Saddlebred breed and the way these horses carried one rider back to herself. Tracking the path of Sky Watch's success, Hudelson's book is a deeply personal homage to one of the sport's greatest show horses and the indelible impression he left on the breed and in the hearts of those who loved him.

Delve into the precious insights he shared in his last Datebook letter and discover the value and joy of exploring what lies ahead in your own year. Let the adventure begin. Remember, astrology serves as a guide helping us navigate life's ebbs and flows. Use the planetary aspects to hone your timing and gain insight, but also trust your intuition. After all, every individual's experience of these transits is unique.

Roman Republican Augury Lindsay G. Driediger-Murphy, 2019-03-07 Roman Republican Augury: Freedom and Control proposes a new way of understanding augury, a form of Roman state divination designed to consult the god Jupiter. Previous scholarly studies of augury have tended to focus either upon its legal constitutional effects or upon its role in maintaining and perpetuating Roman social and political structures. This volume makes a new contribution to the study of Roman religion, politics and cultural history by focusing instead upon what augury can tell us about how Romans understood their relationship with their gods. Augury is often thought to have told Romans what they wanted to hear. This volume argues that augury left space for perceived expressions of divine will which contradicted human wishes and that

its rules and precepts did not permit human beings to create or ignore signs at will This analysis allows the Jupiter whom Romans approached in augury to emerge as not simply a source of power to be channelled to human ends but a person with his own interests and desires which did not always overlap with those of his human enquirers When human will and divine will clashed it was the will of Jupiter which was supposed to prevail In theory as in practice it was the Romans not their supreme god who were bound by the auguries and auspices
