**Slaves and Slavery in Africa** John R. Willis, John Ralph Willis, 1985      **Slaves Without Shackles** Nur Sobers-Khan, 2014 This dissertation consists in a microhistorical study of the social and cultural context of slavery in the early modern Ottoman Empire and Eastern Mediterranean Using a wide selection of primary sources in Arabic Ottoman Persian and various European languages it examines the slave population recorded in the Ottoman shari'a court registers 1560-1572 AD of Galata a neighbourhood of Istanbul Based on evidence from the court registers the origins of the slaves their rates of religious conversion and the nature of slave labour in Galata are examined A detailed analysis of the descriptions of slaves in the court registers and contemporary literature illuminates the cultural construct of slavery in sixteenth century Istanbul and it is argued that the contemporary discourses legal literary and pseudoscientific surrounding slavery allow us to reconstruct the Ottoman articulation of difference and sixteenth century Ottoman understandings of slavery Furthermore it is argued that the early modern Ottoman Empire encouraged the manumission and integration of skilled slaves into the urban social hierarchy the capture and enslavement of skilled individuals particularly in the context of sixteenth century Ottoman maritime expansion disposed as a method of increasing levels of Ottoman manpower and recruiting skilled labour into Ottoman elite households In addition to presenting empirical findings concerning early modern slavery gathered from the court registers this dissertation also presents the study of slavery as a framework for analysing the construction of identity in the early modern Mediterranean and argues for a new methodological approach to reading the Ottoman court registers

**A Historical Guide to World Slavery** Seymour Drescher, Stanley L. Engerman, 1998 Eminent scholars provide an overview of what we now know about slavery as an institution and way of life in cultures around the globe from ancient times to the present day Drawing on the virtual explosion of empirical research and theoretical discussion of the subject over the past thirty years many of the articles overturn conventional wisdom and illuminate little known aspects of the subject with essays on topics such as concubinage eunuchs and occupational mobility

**My Brother Slaves** Sergio Lussana, 2016-05-20 Trapped in a world of brutal physical punishment and unremitting back breaking labor Frederick Douglass mused that it was the friendships he shared with other enslaved men that carried him through his darkest days In this pioneering study Sergio A L

*Strategies of Slaves & Women* Marcia Wright, 1993 The lives of the six principal characters encountered in this volume five women and one man collectively extend from the mid nineteenth to the mid twentieth century What is most revealing is the evidence of consciousness and changing circumstances in the decades before World War I as these people went from slavery to some sort of freedom This alternation was not necessarily by a formal act of emancipation but all the focus characters finally belonged to or were sheltered in a Christian community with a strong antislavery ideology and the capacity to provide a base for social reconstruction Page 4 of cover

**Roll, Jordan, Roll** Eugene D. Genovese, 1976-01-12 This landmark history of slavery in the South a winner of the Bancroft Prize challenged

conventional views of slaves by illuminating the many forms of resistance to dehumanization that developed in slave society Rather than emphasizing the cruelty and degradation of slavery historian Eugene Genovese investigates the ways that slaves forced their owners to acknowledge their humanity through culture music and religion Not merely passive victims the slaves in this account actively engaged with the paternalism of slaveholding culture in ways that supported their self respect and aspirations for freedom Roll Jordan Roll covers a vast range of subjects from slave weddings and funerals to the language food clothing and labor of slaves and places particular emphasis on religion as both a major battleground for psychological control and a paradoxical source of spiritual strength Displaying keen insight into the minds of both slaves and slaveholders Roll Jordan Roll is a testament to the power of the human spirit under conditions of extreme oppression *The Black Slaves of Prussia* Frank Weston,1917 Islam's Black Slaves Ronald Segal,2003 In Islam s Back Slaves Ronald Segal traces the business of slavery from the birth of Islam in seventh century Arabia to the present where in Sudan and Mauritania Africans continue to be bought and sold It is the first book for a general readership to describe in detail the Islamic slave trade It is also a valuable corrective to the view that the enslavement of Africans was a purely European question *Slaves and Warriors in Medieval Britain and Ireland* David R. Wyatt,2009 Modern sensibilities have clouded historical views of slavery perhaps more so than any other medieval social institution Anachronistic economic rationales and notions about the progression of European civilisation have immeasurably distorted our view of slavery in the medieval context As a result historians have focussed their efforts upon explaining the disappearance of this medieval institution rather than seeking to understand it This book highlights the extreme cultural social significance of slavery for the societies of medieval Britain and Ireland c 800 1200 Concentrating upon the lifestyle attitudes and motivations of the slave holders and slave raiders it explores the violent activities and behavioural codes of Britain and Ireland s warrior centred societies illustrating the extreme significance of the institution of slavery for constructions of power ethnic identity and gender *Transformations in Slavery* Paul E. Lovejoy,2011-10-10 This history of African slavery from the fifteenth to the early twentieth centuries examines how indigenous African slavery developed within an international context Paul E Lovejoy discusses the medieval Islamic slave trade and the Atlantic trade as well as the enslavement process and the marketing of slaves He considers the impact of European abolition and assesses slavery s role in African history The book corrects the accepted interpretation that African slavery was mild and resulted in the slaves assimilation Instead slaves were used extensively in production although the exploitation methods and the relationships to world markets differed from those in the Americas Nevertheless slavery in Africa like slavery in the Americas developed from its position on the periphery of capitalist Europe This new edition revises all statistical material on the slave trade demography and incorporates recent research and an updated bibliography

**Slaves and Highlanders** David Alston,2021-09-09 Scots were involved in every stage of the slave trade from captaining slaving ships to auctioning captured Africans in the colonies and hunting down those who escaped from bondage This book

focuses on the Scottish Highlanders who engaged in or benefitted from these crimes against humanity in the Caribbean Islands and Guyana some reluctantly but many with enthusiasm and without remorse Their voices are clearly heard in the archives while in the same sources their victims stories are silenced reduced to numbers and listed as property David Alston gives voice not only to these Scots but to enslaved Africans and their descendants to those who reclaimed their freedom to free women of colour to the Black Caribs of St Vincent to house servants and to children of mixed race who found themselves in the increasingly racist society of Britain in the mid 1800s As Scots recover and grapple with their past this vital history lays bare the enormous wealth generated in the Highlands by slavery and emancipation compensation schemes This legacy entwined with so many of our contemporary institutions must be reckoned with

**To Plead Our Own Cause** Kevin Bales,Zoe Trodd,2010-12-15 Boys strapped to carpet looms in India women trafficked into sex slavery across Europe children born into bondage in Mauritania and migrants imprisoned at gunpoint in the United States are just a few of the many forms slavery takes in the twenty first century There are twenty seven million slaves alive today more than at any point in history and they are found on every continent in the world except Antarctica To Plead Our Own Cause contains ninety five narratives by slaves and former slaves from around the globe Told in the words of slaves themselves the narratives movingly and eloquently chronicle the horrors of contemporary slavery the process of becoming free and the challenges faced by former slaves as they build a life in freedom An editors introduction lays out the historical economic and political background to modern slavery the literary tradition of the slave narrative and a variety of ways we can all help end slavery today Halting the contemporary slave trade is one of the great human rights issues of our time But just as slavery is not over neither is the will to achieve freedom plead the cause of liberation and advocate abolition Putting the slave s voice back at the heart of the abolitionist movement To Plead Our Own Cause gives occasion for both action and hope

Race and Slavery in the Middle East Bernard Lewis,1990 From before the days of Moses up through the 1960s slavery was a fact of life in the Middle East Pagans Jews Christians and Muslims bought and sold at the slave markets for millennia trading the human plunder of wars and slave raids that reached from the Russian steppes to the African jungles But if the Middle East was one of the last regions to renounce slavery how do we account for its and especially Islam s image of racial harmony How did these long years of slavery affect racial relations In Race and Slavery in the Middle East Bernard Lewis explores these questions and others examining the history of slavery in law social thought and practice over the last two millennia With 24 rare and intriguing full color illustrations this fascinating study describes the Middle East s culture of slavery and the evolution of racial prejudice Lewis demonstrates how nineteenth century Europeans mythologized the region as a racial utopia in debating American slavery Islam in fact clearly teaches non discrimination but Lewis shows that prejudice often won out over pious sentiments as he examines how Africans were treated

depicted and thought of from antiquity to the twentieth century If my color were pink women would love me But the Lord has marred me with blackness lamented a black slave poet in Arabia over a millennium ago and Lewis deftly draws from these lines and others the nuances of racial relations over time Islam he finds restricted enslavement and greatly improved the lot of slaves who included until the early twentieth century some whites while blacks occasionally rose to power and renown But abuses ring throughout the written and visual record from the horrors of capture to the castration and high mortality which along with other causes have left few blacks in many Middle Eastern lands despite centuries of importing African slaves Race and Slavery in the Middle East illuminates the legacy of slavery in the region where it lasted longest from the days of warrior slaves and palace eunuchs and concubines to the final drive for abolition Illustrated with outstanding reproductions of striking artwork it casts a new light on this critical part of the world and on the nature and interrelation of slavery and racial prejudice

**Black Mother** Basil Davidson,1961 Study of economic and other factors at work in the European conquest of Africa between the 15th and 19th centuries

**Slaves in the Family** Edward Ball,1998 Journalist Ball confronts the legacy of his family s slave owning past uncovering the story of the people both black and white who lived and worked on the Balls South Carolina plantations It is an unprecedented family record that reveals how the painful legacy of slavery continues to endure in America s collective memory and experience Ball a descendant of one of the largest slave owning families in the South discovered that his ancestors owned 25 plantations worked by nearly 4 000 slaves Through meticulous research and by interviewing scattered relatives Ball contacted some 100 000 African Americans who are all descendants of Ball slaves In intimate conversations with them he garnered information hard words and devastating family stories of precisely what it means to be enslaved He found that the family plantation owners were far from benevolent patriarchs instead there is a dark history of exploitation interbreeding and extreme violence From publisher description

**Jews, Slaves, and the Slave Trade** Eli Faber,1998-08 A conclusive reassessment of the long standing controversy over Jewish involvement in the slave trade Focusing on the British empire historian Eli Faber s extensive research reveals minimal involvement in the subjugation of Africans by Jews in the Americas Faber lays to rest one of the most contested historical controversies of our time
