Slavs Beneath Parnassus:

The Slavs Beneath Parnassus Miodrag Pavlović, 1985 *Only the Nails Remain* Christopher Merrill, 2001-10-23 Only the Nails Remain Scenes from the Balkan Wars is a chronicle of poet and critic Christopher Merrill's ten war time journeys to the Balkans from the years 1992 through 1996. At once a travelogue, a book of war reportage and a biography of the imagination under siege, this beautifully written and personal narrative takes the reader along on the author's journeys to all the provinces and republics of the former Yugoslavia: Bosnia Herzegovina, Croatia, Kosovo, Macedonia, Montenegro, Serbia, Slovenia and Vojvodina, as well as to Albania, Austria, Bulgaria, Greece, Hungary, Italy and Turkey. His journeys provide the narrative structure for an exploration of the roles and responsibility of intellectuals caught up in a decisive historical moment, many of whom either helped to incite the war or else bore eloquent witness to its carnage. What separates this book from the first non-native literary work on the conflict from other collections of reportage, political analysis and polemic is its concern for capturing the texture of particular places in the midst of dramatic change: the sounds and sights and smells, the stories and observations of victim and perpetrator alike, the culture of war. Here is a literary meditation on war, a fascinating portrait of the poetry, politics and the people of the Balkans that will provide insight into the past, present and future of those war-torn lands. Hear an interview with the author on NPR's Weekend All Things Considered, February 20th, Balkan Poets. *A Cultural History of Serbia* David A. Norris, 2024-03-05 This volume focuses on Serbia's need to manage change while preserving community identities, a narrative that avoids the common depiction of Serbian culture as a hostile struggle between modernizers supporting foreign models and traditionalists advocating forms of national cultural patrimony. Traditions only function if they are allowed to bend to the necessary modifications demanded by a community's changing historical circumstances. Tradition and change are two sides of the same coin which Serbia in its many different incarnations has experienced over the centuries, protecting its national heritage while borrowing and adapting intellectual and other trends from Byzantine, Ottoman and Western sources. Outside influences have been imposed as a direct result of foreign rule or through more friendly channels of communication, leading to a complex relationship between autochthonous and alien elements in Serbian society and culture. This book argues that the division between the national and international frameworks has often been a false dichotomy, with outside features embedded in domestic symbolic capital and Serbian culture simultaneously determined on local, national, regional and global levels. David A. Norris's approach offers a new perspective to students, academics and general readers interested in the history of Serbia's participation in the broad networks of cultural exchange. **Anglicans and Orthodox** Judith Pinnington, 2003 The story of the early Episcopal-Orthodox encounter. **Serbian Poetry from the Beginnings to the Present** Milne Holton, Vasa D.
