The Sleeper Agent in Post-9/11 Media Vanessa Ossa, 2023-01-01 This book examines the figure of the sleeper agent as part of post 9/11 political journalistic and fictional discourse There is a tendency to discuss the terroristic threat after 9/11 as either a faraway enemy to be hunted down by military force or on the other hand as a ubiquitous intangible threat that required constant alertness at home The missing link between these two is the sleeper agent the foreign enemy hiding among US citizens By analyzing popular television shows several US comic books and a broad variety of Hollywood films that depict sleeper agents direct or allegorically this book explores how a shift in perspective from terrorist to sleeper agent brings new insights into our understanding of post 9/11 representations of terrorism The book's interdisciplinary focus between media studies cultural studies and American studies suggests that it will find an audience in a variety of fields including historical research narratology popular culture as well as media and terrorism studies
