*Everyone to Skis!* William D. Frank, 2013-10-31 Nowhere in the world was the sport of biathlon a combination of cross country skiing and rifle marksmanship taken more seriously than in the Soviet Union and no other nation garnered greater success at international venues. From the introduction of modern biathlon in 1958 to the USSR's demise in 1991 athletes representing the Soviet Union won almost half of all possible medals awarded in world championship and Olympic competition. Yet more than sheer technical skill created Soviet superiority in biathlon. The sport embodied the Soviet Union's culture, educational system and historical experience and provided the perfect ideological platform to promote the state's socialist viewpoint and military might imbuing the sport with a Cold War sensibility that transcended the government's primary quest for post war success at the Olympics. William D. Frank's book is the first comprehensive analysis of how the Soviet government interpreted the sport of skiing as a cultural, ideological, political and social tool throughout the course of seven decades. In the beginning the Soviet Union owned biathlon and so the stories of both the state and the event are inseparable. Through the author's unique perspective on biathlon as a former nationally ranked competitor and current professor of Soviet history *Everyone to Skis* will appeal to students and scholars of Russian and Soviet history as well as to general readers with an interest in skiing and the development of twentieth century sport **Ski Area Management**, 2000

*Magnificent Desolation* Buzz Aldrin, 2009-08-17 **THE ESSENTIAL AUTOBIOGRAPHY OF THE SECOND MAN ON THE MOON** Thrilling years on the raw facts of the adventure remain beguiling and the bravery of the astronauts compelling **SUNDAY TIMES** Exciting and moving **DAILY EXPRESS** Buzz Aldrin one of the three men who took part in the first moon landing in 1969 is a true American hero. *Magnificent Desolation* begins with the story of his voyage into space which came within seconds of failure and reveals a fascinating insider's view of the American space programme. But that thrilling adventure was only the beginning as Aldrin battled with his own desolation in the form of depression and alcoholism. This epic journey encompasses the brutally honest tale of Aldrin's self destruction and the redemption that came through finding love when hope seemed lost Buzz Aldrin might not have been the first man to walk on the Moon but of all the astronauts to have been there none of them has articulated their predicament with quite such wisdom and sensitivity **MAIL ON SUNDAY** *Skiing* Marit Claridge, 1986
