**Slang 5000 [i.e. cinco mil] modismos del inglés traducidos al español** A. Daniel Hughes, 1977 [Introduction to Spanish Translation](#) Jack Child, 2012-07-10 Introduction to Spanish Translation is designed for a third or fourth year college Spanish course. It presents the history, theory and practice of Spanish to English translation with some consideration of English to Spanish translation. The very successful first edition of the text evolved from the author's experiences in two decades of teaching translation in the Department of Language and Foreign Studies of The American University. The emphasis is on general material to be found in current journals and newspapers although there is also some specialized material from the fields of business, the social sciences and literature. The twenty four lessons in the text form the basis for a fourteen week semester course. This newly revised edition contains an index, a glossary, examples of cognates and partial cognates and translation exercises for each lesson.
