Herbert O. Yardley

The Black Chamber:

The American Black Chamber Herbert O. Yardley, 2013-01-15 During the 1920s Herbert O. Yardley was chief of the first peacetime cryptanalytic organization in the United States the ancestor of today's National Security Agency. Funded by the U.S. Army and the Department of State and working out of New York his small and highly secret unit succeeded in breaking the diplomatic codes of several nations including Japan. The decrypts played a critical role in U.S. diplomacy. Despite its extraordinary successes the Black Chamber as it came to be known was disbanded in 1929. President Hoover's new Secretary of State Henry L. Stimson refused to continue its funding with the now famous comment Gentlemen do not read other people's mail. In 1931 a disappointed Yardley caused a sensation when he published this book and revealed to the world exactly what his agency had done with the secret and illegal cooperation of nearly the entire American cable industry. These revelations and Yardley's right to publish them set into motion a conflict that continues to this day the right to freedom of expression versus national security. In addition to offering an exposé on post World War I cryptology the book is filled with exciting stories and personalities.

He provides vivid portraits of spymasters, spies and defectors including Sidney Reilly, Herbert Yardley, Kim Philby, James Angleton, Markus Wolf, Reinhard Gehlen, Vitaly Yurchenko, Jonathan Pollard and many others. Richelson paints a colorful portrait of World War I's spies and saboteurs and illuminates the secret maneuvering that helped determine the outcome of the war on land at sea and on the diplomatic front. He investigates the enormous importance of intelligence operations in both the European and Pacific theaters in World War II from the work of Allied and Nazi agents to the black magic of U.S. and British code breakers and he gives us a complete overview of intelligence during the length of the Cold War from superpower espionage and spy scandals to covert action and secret wars.
