The Big Four:

The Big Four Agatha Christie, 2023-07-10 In Agatha Christie's thrilling mystery novel *The Big Four* readers are introduced to a cunning ensemble of criminal masterminds whose aim is global domination. Written in Christie's signature style of intricate plotting and well-developed characters, the narrative is woven with a blend of suspense and wit typical of the detective fiction genre from the 1920s. Set against the backdrop of international intrigue, Poirot and Hastings take on an enigmatic challenge that stretches the limits of their deductive abilities, delving into the machinations of the titular quartet. The episodic structure of the novel, along with its emphasis on psychological tension, offers a refreshing departure from standard whodunits, placing it within the larger context of interwar literature that often wrestles with themes of power and corruption. Agatha Christie, often dubbed the Queen of Crime, was notably influenced by her experiences serving as a pharmacy assistant during World War I, where she developed an understanding of poisons and human behavior. This knowledge permeates her work, contributing to the meticulous construction of her plots and characters. Additionally, her travels and interactions with diverse cultures provided a richly textured backdrop for her storytelling, further enhancing the complex dynamics of her narratives. For fans of mystery and adventure, *The Big Four* is a must-read that not only showcases Christie's unrivaled craftsmanship but also invites readers to engage with the intellectual challenge of unraveling a labyrinthine plot. With its blend of excitement, intellectual stimulation, and human psychology, this novel stands as a testament to Christie's legacy in the world of detective fiction.

Status of the "Big Four" Four Years After Hurricane Katrina United States. Congress. House. Committee on Financial Services. Subcommittee on Housing and Community Opportunity, 2010

The Big Four Ian D. Gow, Stuart Kells, 2018-08-28 Messrs Gow and Kells have made an invaluable contribution, writing in an amused tone that nevertheless acknowledges the firms' immense power and the seriousness of their neglect of traditional responsibilities. *The Big Four* will appeal to all those interested in the future of the profession and of capitalism itself. Jane Gleeson White, Wall Street Journal. With staffs that are collectively larger than the Russian army and combined revenues of over 130 billion a year, the Big Four accounting firms—Deloitte, PricewaterhouseCoopers, Ernst & Young, and KPMG—are a keystone of global commerce. But leading scholar Ian Gow and award-winning author Stuart Kells warn that a house of cards may be about to fall. Stretching back to the Medicis in Renaissance Florence, this book is a fascinating story of wealth, power, and luck. The founders of the Big Four lived surprisingly colorful lives. Samuel Price, for example, married his own niece. Between the world wars, Nicholas Waterhouse collected postage stamps while also hosting decadent parties in his fashionable London home. All four firms have endured major calamities in recent decades. There have been hundreds of court cases and legal prosecutions for failed audits, tax scandals, and breaches of independence. The firms have come so close to extinction-level events that regulators have required them to prepare living wills. And today the Big Four face an uncertain future thanks to their push into China, their vulnerability to digital disruption and competition, and the hazards of providing

traditional services in a new era of transparency This account of the past present and likely future of the Big Four is essential reading for anyone perplexed or fascinated by professional services working or considering working in the industry or simply curious about the fate of the global economy **The Big Four British Banks** David Rogers,2016-07-27 This book is a cutting edge exploration of the UK commercial banking industry as reflected primarily in the experience of the four main clearing banks Barclays Lloyds Midland and NatWest What will the industry look like in the future What strategies cultures and organisational forms will distinguish the survivors from the non survivors Will the dominant form be the highly diversified global financial supermarket the so called universal bank the more focused niche player both or some other type To answer these questions David Rogers draws upon very high level access to the leading players in this evolving industry
