### *Learning and Behavior*

James E. Mazur,Amy L. Odum,2023-05-09 Learning and Behavior reviews how people and animals learn and how their behaviors are changed because of learning It describes the most important principles theories controversies and experiments that pertain to learning and behavior that are applicable to diverse species and different learning situations Both classic studies and recent trends and developments are explored providing a comprehensive survey of the field Although the behavioral approach is emphasized many cognitive theories are covered as well along with a chapter on comparative cognition Real world examples and analogies make the concepts and theories more concrete and relevant to students In addition most

chapters provide examples of how the principles covered have been employed in applied and clinical behavior analysis. The text proceeds from the simple to the complex. The initial chapters introduce the behavioral, cognitive and neurophysiological approaches to learning. Later chapters give extensive coverage of classical conditioning and operant conditioning, beginning with basic concepts and findings and moving to theoretical questions and current issues. Other chapters examine the topics of reinforcement schedules, avoidance and punishment, stimulus control and concept learning, observational learning and motor skills, comparative cognition and choice. Thoroughly updated, each chapter features many new studies and references that reflect recent developments in the field. Learning objectives, bold-faced key terms, practice quizzes, a chapter summary, review questions and a glossary are included. The text is intended for undergraduate or graduate courses in psychology of learning, human learning, introduction to learning, learning processes, animal behavior, principles of learning and behavior, conditioning and learning, learning and motivation, experimental analysis of behavior, behaviorism and behavior analysis.

*Entrepreneurship* Heidi M. Neck, Christopher P. Neck, Emma L. Murray, 2020-01-07. Recipient of a 2021 Textbook Excellence Award from the Textbook Academic Authors Association. *TAA Entrepreneurship: The Practice and Mindset* catapults students beyond the classroom by helping them develop an entrepreneurial mindset so they can create opportunities and take action in uncertain environments. Based on the world renowned Babson Entrepreneurship program, this text emphasizes practice and learning through action. Students learn entrepreneurship by taking small actions to get feedback, experiment and move ideas forward. They will walk away from this text with the entrepreneurial mindset, skillset and toolset that can be applied to startups as well as organizations of all kinds. Whether your students have backgrounds in business, liberal arts, engineering or the sciences, this text will take them on a transformative journey and teaches them crucial life skills. The Second Edition includes a new chapter on customer development, 15 new case studies, 16 new Mindshift Activities and 16 new Entrepreneurship in Action profiles, as well as expanded coverage of prototyping, incubators, accelerators, building teams and marketing trends. This title is accompanied by a complete teaching and learning package.
