for Catholic and Evangelical Theology **Virtually Sacred** Robert M. Geraci, 2014-06-13 Robert Geraci argues that virtual
worlds and video games have become a locus for the satisfaction of religious needs providing many users with communities a
meaningful experience of history and human activity and a sense of transcendence **A Player's Guide to the Post-Truth
Condition** Steve Fuller, 2020-11-20 A Player's Guide to the Post Truth Condition The Name of the Game presents sixteen
short readable chapters designed to leverage our post truth condition's deep historical and philosophical roots into
opportunities for unprecedented innovation and change Fuller offers a bracing proactive and hopeful vision against the
tendency to demonize post truth as the realm of fake news and bullshit Where others see threats to the established order
Fuller sees opportunities to overturn it This theme is pursued across many domains including politics religion the economy
the law public relations journalism the performing arts and academia not least academic science The red thread running
through Fuller's treatment is that these domains are games that cannot be easily won unless one can determine the terms of
engagement which is to say the name of the game This involves the exercise of modal power which is the capacity to
manipulate what people think is possible Once the necessarily true appears to be only contingently so then the future
suddenly becomes a more open space for action This was what frightened Plato about the alternative realities persuasively
portrayed by playwrights in ancient Athens Nevertheless Fuller believes that it should be embraced by denizens of today's
post truth condition On the Athanasian Creed and Subjects Connected with it Emanuel Swedenborg, 1856 A
