Annual Report of the Medical Officer ,1882 *Doing Their Bit* Kimberly Brice O'Donnell, 2019-05-08 The first in depth study of the role of canines in WWII Britain an important but hitherto under represented subject with photos included Society of Army Historical Research The Second World War

allowed for the use of an unprecedented number of dogs for military duties both internationally and among the British Armed Forces. On the British Home Front civilians responded to calls from the British Army's War Dogs Training School and the Ministry of Aircraft Production Guard Dog Training School by donating their canine pets for military training and employment for the duration. As dogs were instructed in roles with the British Army, the Royal Air Force and the London Civil Defence Region, the distinction between pet and trained working animal became increasingly unclear. While civilians and servicemen alike continued to view military dogs as pets, many also saw trained canines as human-like soldiers doing their bit, a depiction promulgated by both the military and the wartime press. Yet historians have paid little attention to the subject. In the first comprehensive scholarly account of the employment of British military and Civil Defence dogs in the Second World War, Kimberly Brice O'Donnell traces the story from the belated establishment of the short-lived War Dog School and the Messenger Dog Service of the First World War to the more recent employment of canines in Iraq and Afghanistan. With a focus on WWII, *Doing their Bit* examines why and how dogs were trained and employed and how humans shaped and perceived their use. Using archival material, O'Donnell analyzes the performance of guard, military, police, patrol, mine detection and rescue dogs in training and on operations by considering the advantages and disadvantages of canines in such roles. Military and Civil Defence dogs offered a number of advantages over humans and technological equipment, and the experience gained by dog trainers and handlers led to the continued employment of canines in the postwar period. While the use of horses and other animals has since diminished, World War II marked a turning point in the history of the British military dog, ushering in the seemingly permanent training of dogs for police and military roles. **New York Magazine**, 1981-03-16. *New York magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. *"The" fox terrier chronicle*, 1893. *The American Journal of the Medical Sciences*, 1887. **Annual Report** Detroit (Mich.). At the beginning of the Roaring Twenties, the NFL was just a footnote within the landscape of American sports. The early pro game was played on dirt fields by vagabond athletes who would beat up or punch out their opponent for fifty dollars a game. But one team was different than the rest: the Oorang Indians. Comprised entirely of Native Americans and led by star athlete Jim Thorpe, the Oorang Indians were an instant hit in almost every city they visited. In *Walter Lingo: Jim Thorpe and the Oorang Indians: How a Dog Kennel Owner Created the NFL's Most Famous Traveling Team*, NFL historian Chris Willis tells the story of this unique and fascinating part of professional football history. In 1922, Walter Lingo, a dog kennel owner from tiny La Rue, Ohio, joined forces with Jim Thorpe, the country's

greatest athlete to create the Oorang Indians Willis recounts how Lingo used the football team the star attraction of player coach Thorpe and the all Native American squad to help advertise his kennel and sell dogs putting the small town of La Rue on the map With the complete cooperation of the Lingo family and unlimited access to family photos and archives Walter Lingo Jim Thorpe and the Oorang Indians provides an up close and behind the scenes view into the making of this little known team It is a remarkable story that will be enjoyed by football fans and historians alike *The Dog Fancier* ,1930
