Neibaur,2011-12-30 Charlie Chaplin produced some of the

greatest films of all time including The Gold Rush The Circus City Lights Modern Times and The Great Dictator Before making a name for himself as an undisputed master of cinema however Chaplin first developed his acting writing and directing skills at Keystone Studios Mack Sennett who attended one of Chaplin s music hall shows thought the entertainer would be a good fit at his newly established studio where they specialized in the roughhouse slapstick Chaplin performed on stage Intrigued with the idea of preserving comedy on film Chaplin began work for Sennett in 1913 While some of the first

efforts were crudely filmed they allowed Chaplin to understand the rudiments of performing for the camera As he became more interested in directing his own films Chaplin learned techniques that set his work apart from other comedies The films Chaplin made at Keystone were the catalyst for a significant motion picture career and a character that he would create and develop at the studio would become among the most iconic images in the history of entertainment In Early Charlie Chaplin The Artist as Apprentice at Keystone Studios James Neibaur examines each of these films assessing the important early work of a comedian who became a timeless icon From his debut as a fast talking con man in Making a Living to his role in the six reel Marie Dressler vehicle Tillie s Punctured Romance Chaplin displays many of the characteristics that would endear him to audiences around the world The majority of these films have been made available on DVD allowing the reader to appreciate the background behind these works Early Charlie Chaplin is a must not only for fans of silent cinema and Chaplin but for anyone who appreciates film history

Charlie Chaplin's Own Story Charlie Chaplin,2015-02-21 I remain just one thing and one thing only and that is a clown It places me on a far higher plane than any politician Charlie ChaplinOnly a select few actors become international stars in their time but none had as unique a career as Charlie Chaplin Chaplin was the first true film star and he managed to do so even when films were still silent He has been honored with too many awards to count and the fact that his name remains instantly recognizable nearly a century after his first film is a testament to his influence Even today Chaplin s films are arguably more recognizable than those of perhaps any other actor or director everyone is familiar with the famous Tramp costume and persona and even the casual film enthusiast has likely seen films such as City Lights 1931 and Modern Times 1936 Chaplin is known for the singular blend of pathos and humor evinced by his films and it is not uncommon for audiences to laugh and cry at alternate points of a Chaplin film a trait that continues to endear audiences even to this day For this reason in his review of Stephen Weissman s biography of Chaplin Martin Sieff noted It is doubtful any individual has every given more entertainment pleasure and relief to so many human beings when they needed it most As Sieff s comment suggests Chaplin s career coincided with the two World Wars and the Great Depression but while Chaplin the actor was

popular Chaplin the person became controversial in the final decades of his life In fact there is a wide discrepancy between the almost uniformly enthusiastic praise of Chaplin today and the subversive identity he cultivated toward the latter part of his career Although accusations of being a communist sympathizer and Chaplin's confrontation with the House Committee on Un American Activities have mostly become a footnote in the storied career of a man best remembered as an acting pioneer it forced Chaplin to spend the last 15 years of his career working as an artist in exile and the shifting viewpoints of Chaplin were instrumental in forcing people to evaluate the way in which they viewed celebrities as well as what it means to be entertained Indeed it is impossible to substantiate the belief that Chaplin's later films are poorer in quality than his earlier ones yet the public largely rejected his later directorial efforts In the end it must be acknowledged that more than any other figure who had come before him the public was aware of Chaplin's personal life in ways that were often upsetting and inconsistent with the persona effected through his films Due to the way Chaplin was vilified relatively little is known about the final chapter of Chaplin's life and one of the prevailing tensions concerning Chaplin is the way in which he is incredibly famous on the one hand but also a particularly mysterious and even unknown figure on the other hand After Chaplin's body was stolen from his grave Kenneth Schuyler Lynn pointed out that the image of his empty gravesite came to symbolize his historic elusiveness as a person no less than as a performer
