The Dissident:

The Dissident Politics in Václav Havel's Vanek Plays Carol Strong, 2023-09-05 The Dissident Politics in Václav Havel's Vanek Plays Who Is Ferdinand Vanek Anyway focuses on Ferdinand Vanek a semi autobiographical character created by Václav Havel and featured in a series of nine plays written by Havel himself and three other dissident writers Pavel Kohout Pavel Landovský and Jir Dienstbier By exploring the Vanek experience Carol Strong details a multi episodic absurdist journey that provides an insider's view of the challenges facing those daring enough to question the status quo a view that remains relevant today Strong's contention is that the lines found in these plays served as a secret language of dissent in Cold War Czechoslovakia which called the citizenry to contemplate the need for societal reform As the plays were written at a time when the work of Havel and other dissidents were banned the plays were never performed publicly but through clandestine living room performances and the sharing of samizdat scripts the plays found an audience Select phrases were indeed whispered throughout underground networks and helped forge a sense of oppositional solidarity among potential activists Strong's argument is that the Vanek experience metaphorically highlights how official power mechanisms are among the least insidious forms of societal power as the state must follow predictable patterns of legal jurisprudence By contrast non governmental forms of power as exercised by one's fellow citizens through informal social channels can challenge oppositional actors more because of the personal tone they adopt Using this approach Strong presents a timelessly relevant critique of modern society with its consumerist conformist tendencies
