The Dread Road:

The Dread Road Meridel Le Sueur, 1991 On a bus trip from El Paso to Denver a young woman bears a precious cargo To the narrator sick with guilt and the victim of historical tragedy she brings first nightmare then the possibility of redemption This is Meridel Le Sueur's story for our times produced in a collective vision holding nothing back terrible in its reflection glorious in its hope We publish it in testimonial to her undiminished creative spirit reflecting the lives of all of us in America in the twentieth century from back cover *The Dread's Face* Mariana Padilla, 2025-06-12 The Dread's Face is a chilling and profoundly atmospheric anthology that plunges into the depths of human fear transforming abstract terror into a tangible haunting presence This collection of interconnected tales explores the insidious nature of dread the power of ancestral memory and the enduring courage required to confront the specters that lurk within and without The book introduces Elara a woman hardened by grief who finds herself a prisoner of The Fear a sentient entity that manifests as a shifting whispering dread This isn't a simple emotion but an active malevolent force that has stolen her family and twisted her nightmares into waking horrors feeding on her despair Her desperate quest leads her to a desolate isle aptly named The Fear's End the last scrap of land before an abyssal maw Here Elara learns the rhythm of her tormentor discovering that courage nurtured not by absence of fear but by a stubborn ember of hope is its ultimate weakness Her journey is a harrowing dance with despair as she navigates a landscape where shadows hold fragments of lost memories and silence is punctuated by the echoes of broken promises The tales interweave with the chilling narrative of Elias a man drawn to Blackwood Manor a place where architectural decay is merely a facade for a deeper more unsettling malady The manor defies physics its rooms shifting its very essence permeated by a pervasive silent dread Elias's investigation uncovers a hidden chamber and a tarnished silver locket revealing a vision of a weeping woman his own ancestor and the horrifying truth the house is not merely haunted but remembering The Dread's Face is the collective anguish of Blackwood's legacy a spectral burden inherited through generations This is a story of internal landscapes made terrifyingly real where the true monsters are often reflections of our deepest sorrows and inherited burdens It is a testament to the resilience of the human spirit a chilling reminder that the faces of dread are myriad but so too is the strength to confront them leaving readers to ponder the echoes of memory and the pervasive nature of fear long after the final page is turned **Cloud Empires** Vili Lehdonvirta, 2024-02-06 The rise of the platform economy into statelike dominance over the lives of entrepreneurs users and workers The early Internet was a lawless place populated by scam artists who made buying or selling anything online risky business Then Amazon eBay Upwork and Apple established secure digital platforms for selling physical goods crowdsourcing labor and downloading apps These tech giants have gone on to rule the Internet like autocrats How did this happen How did users and workers become the hapless subjects of online economic empires The Internet was supposed to liberate us from powerful institutions In Cloud Empires digital economy expert Vili Lehdonvirta explores the rise of the platform economy into statelike dominance over our

lives and proposes a new way forward Digital platforms create new marketplaces and prosperity on the Internet Lehdonvirta explains but they are ruled by Silicon Valley despots with little or no accountability Neither workers nor users can vote with their feet and find another platform because in most cases there isn't one And yet using antitrust law and decentralization to rein in the big tech companies has proven difficult Lehdonvirta tells the stories of pioneers who helped create or resist the new social order established by digital platform companies The protagonists include the usual suspects Amazon founder Jeff Bezos Travis Kalanick of Uber and Bitcoin's inventor Satoshi Nakamoto as well as Kristy Milland labor organizer of Amazon's Mechanical Turk and GoFundMe a crowdfunding platform that has emerged as an ersatz stand in for the welfare state Only if we understand digital platforms for what they are institutions as powerful as the state can we begin the work of democratizing them
