## **The Doubleman:**

*The Double Man* Freeman Benjamin Dowd, 1895      **Water from the Moon** Jean-Francois Vernay, 2007 Author of six novels Christopher John Koch born in 1932 is one of Australia's leading novelists who enjoys worldwide recognition Koch's writing has its finger on the pulse of today's changing society Not only does his work fall within a universal stream but it also stands out as a production of its own built like a puzzle with distinct pieces Through fiction Koch explores other genres the fairy tale drama poetry to the point of producing multi faceted works which challenge classification In spite of the constant renewal of his settings for action one notices the presence of a main thread which runs through Koch's fiction the antipodean and ambiguous relationship between illusion and reality This theoretically informed monograph provides a book by book analysis of the novelist's oeuvre and gives a full picture of his Weltanschauung It is valuable reference for scholars in Australian Studies as well as those researching postcolonial psychoanalytic and literary theories      **Selected Essays on Canadian, Australian and New Zealand Literatures** Igor Maver, 2014-06-02 These selected essays on Canadian Australian and New Zealand literatures often although not always consider individual texts and literary authors within the post colonial paradigm They discuss some of the most prominent mostly contemporary literary authors in these genres including for example Margaret Atwood C K Stead Christopher Koch David Malouf Richard Flanagan Andrew Riemer Ouyang Yu A D Hope Teju Cole from the USA and others Several studies focus on significant issues in recent diasporic and transcultural writing in English including the specific Slovenian literary production while some of the essays examine the literary representations of a country in a particular national collective consciousness      *The Doubleman* Christopher J.
