*Selections from Kung-jen Jih-pao*, 1961 *Through The Storm* Tan Su Yin, 2006-11 An attack out at sea by hired killers swept Eric a well known singer to the shores of Phuket after a heavy storm Severely wounded he was rescued by Viki the daughter of a simple fisherman Before help could reach him in time a catastrophe killed Viki's parents together with hundreds of others Thrown together by the cruel twist of fate the young couple weathered a myriad of personal and emotional storms and fell in love All the while danger lurked close behind growing bolder and more desperate threatening to destroy everything in its path Lush and lovely A fine piece of craft Not sappy Quiet Wonderful Krag Brotby An outstanding ending After all the tragedies and natural calamities love will triumph and the world will still be beautiful Sherill Villanueva *Race Today*, 1982 **A History of Literature in the Caribbean: Cross-cultural studies** Albert James Arnold, 1994 **Modernity - An Ethnographic Approach** Daniel Miller, 2020-08-19 From cultural studies sociology media studies gender studies and elsewhere there have been a spate of books recently which have attempted to characterize the

state of modernity Many of these have also argued that what is required is an ethnographic work to determine how far these supposed trends actually apply to a given population This book explicitly accepts this challenge and in so doing demonstrates the potential of modern anthropology studies It starts by summarizing some debates on modernity and then argues that the Caribbean island of Trinidad is particularly apt for such a study given the origins of its population in slavery and indentured labour both forms of extreme social rupture The particular focus of this book is on mass consumption and the way goods and imported images such as soap opera have been used to express and develop a number of key contradictions of modernity It will be of interest to anthropologists looking for a new potential for the discipline as well as students in other fields who will be interested in the new contribution of anthropology to their debates     *Decolonization and the Other* Sharon C.

Sewell,2010 In 1962 Jamaica and Trinidad and Tobago became independent countries Barbados followed in 1966 In the years leading up to these events the history of the British West Indies was written largely by the British the colonial power who focused on the process of decolonization and the key local players involved After independence local scholars also focused on the role of political leaders in the newly independent countries To date scholars have paid little attention to the impact of these events on the local populations of these islands *Decolonization and the Other The Case of the British West Indies* explores the local perspectives on and reactions to events by using West Indian literature to supplement the historical record Beginning in the 1930s when local demands for political participation increased through the process of decolonization and into the early years of independence West Indian writers used their life experiences to document local reaction West Indian literature first appeared in 1950 when British publishers became interested in island authors and their novels By using the novels to supplement the historical record we can gain a better understanding of the process of decolonization and the early years of independence in the British West Indies     *West Africa* ,1992     **Myth and Superstition in Spanish-Caribbean Literature** ,1982     **Know the Way** Kimberly Ayres,2005-11 Know the Way is a road map to those places of the heart we all need to find Highly recommended Annie Dillard Pulitzer Prize for Pilgrim at Tinker Creek     *Routledge Handbook of Caribbean Studies* Patricia Noxolo,Kevon Rhiney,Ronald Cummings,2025-04-02 The Routledge Handbook of Caribbean Studies provides a critical collection of world class scholarship about this fascinating diverse and dynamic region Bringing together new and established voices on the Anglophone Francophone Spanish speaking and Dutch speaking Caribbean the handbook explores the cultural and historical shapes and reach of the region as well as the environmental climatic and geo political challenges that it faces in the 21st century Each of its four parts Environment Geo politics History and Culture explores the region s conceptual and material entanglements and disentanglements its transnational and transregional connections and disconnections and its historical wakes and posts The Routledge Handbook of Caribbean Studies is essential reading for all who want to know more about this much studied but often misrepresented and misunderstood region
